## One Hundred and Fifty-five Persons Are Now In Field

To-morrow Will Determine How Many Will Go To Provincial Election Poll; Arrangements For Local Liberal Meetings.

Subject to eleventh hour changes, when formal nomination takes place to-morrow for the forty-seven members to serve in the eleventh Legislature, there will be 155 candidates in the field. 45 Government, 45 Opposition, 31 Soldier, Independent and Farmers (exclusive of Soldier-Labor), one pledged to either Government, 12 Federated Labor, 7 Socialist, 4 straight Labor and 10 Soldier-Labor. There are only three women candidates.

The Government has no candidate in the field in Alberni, and Cowichan, and in Newcastle, while a Liberal is nominated, he would enter as the choice of a joint convention.

## EIGHT VACANCIES

### IN THE SENATE

Death of Shatford Increases List; Appointments May Be Made Soon

Ottawa, Nov. 9.—The death of Senator Shatford, of British Columbia, makes the eighth vacancy in the upper House. There are now two vacancies in the Senate for British Columbia, two for Saskatchewan and Ontario and one each for Alberta and Nova Scotia.

The question of filling the vacancies in the upper House is likely to be taken up in a short time after the return to the capital of the Prime Minister. It is thought a majority of the vacancies will be filled before Parliament opens in January.

## INDEPENDENCE OF

### FUME OPPOSED

Italian Delegates Are Told by Jugo-Slavs They Want Port

Rapallo, Italy, Nov. 9.—The question of Fiume was brought up for discussion to-day at the conference of Italian and Jugo-Slav delegates being held for settlement of the Adriatic problem, although no agreement has been reached on the proposal of the Italian delegates that the Italian frontier be that established by the Pact of London.

The Italian delegates proposed that the independence of the new state of Fiume be recognized by both countries, but the Serbian delegates strongly opposed independence for Fiume. They maintained that the port was Serbia's only safe and fit outlet to the sea.

It is asserted that Count Sforza, the Italian Foreign Minister, made the Serbian delegation understand clearly that if an accord is reached with Italy in a few days Italy intends to avail herself of the right conferred upon her by the Pact of London and apply the clauses contained in the Pact in their entirety, without, however, giving to this solution any character of hostility against the Jugo-Slavs.

Santa Margherita, Italy, Nov. 9.—Danger of a renewal of a Danubian confederation headed by a member of the Hapsburg family appears to be seriously regarded by Jugo-Slav circles. Members of the delegation which came here from Belgrade to confer with Italian representatives relative to a settlement of the Adriatic problem, assert they are looking to Italy for economic and political support.

Made Defence. A semi-official statement said Premier Venetich and Dr. Anton Trumbitch, Jugo-Slav Foreign Minister, have replied to the Italian viewpoint as outlined by Count Sforza, Italian Minister, and have vigorously defended their stand on the territorial aspects of the problem. At the same time, it is said, they have emphasized the importance attached by Jugo-Slavs to cordial relations with the Italian Government.

Rapallo, Italy, Nov. 9.—The Italian delegates to the Italo-Jugo-Slav conference greeted the crowds with cries of "Viva Fiume," "Viva Dalmatia," and "Viva d'Annunzio." The people remained at the Jugo-Slav delegates arrived for the meeting.

Count Sforza, in opening, outlined Italy's minimum conditions for the Austrian frontier. These comprised the Julian Alps and the absolute freedom of Fiume and its contiguous Italy.

## OTTAWA WHISKY.

Pittsburg, Pa., Nov. 9.—Two large shipments of whisky were confiscated by federal agents in Baltimore and Ohio Railroad freight cars here yesterday. One car came from Ottawa, Canada, and the other from Atlantic City.

## TAXES TO BE PAID EARLIER NEXT YEAR

Quarter of Dominion Income Taxes to Be Paid in April

Contemplated Change in System Announced by Official in Vancouver

Vancouver, Nov. 9.—The Dominion tax authorities have announced that the quarter of Dominion income taxes next year on an average of at least six months earlier than in 1920, according to H. C. Clendenning, head of the local Dominion tax office.

Under the system to go into effect next year, each person liable for income tax must pay at least twenty-five per cent of his tax when making the return on or before April 30, 1921. The Government will have the use of millions of dollars at least six months earlier than would be the case were the present system to be continued.

## FAST FLIGHTS BY

### CANADIAN AIRMEN

Capt. Johnston and Major Joy Make Speedy Trips in Ontario

Ottawa, Nov. 9.—Some fast flights are being made by Canadian Air Force fliers under the present favorable weather conditions. Captain Johnston, flying from Camp Borden to Ottawa via Deseronto, a distance of 240 miles, covered the journey in two hours and fifteen minutes. Captain Johnston was flying a D. H. four-plane, and on his return to Camp Borden took with him Colonel Robert Leckie as a passenger.

Flying from Camp Borden to Toronto on Sunday with Air Commodore A. K. Tyleas as a passenger, Major Johnston covered the forty-seven miles in fifteen minutes from the time of taking the air.

## FINANCIERS IN

### NEW YORK GUARDED

Additional Policemen on Duty As Result of Radicals' Threats

New York, Nov. 9.—Twenty-five additional policemen to-day were distributed throughout the financial district to guard financiers and financial institutions because of threats alleged to have been made at recent secret meetings of radicals. The detective force in the Wall Street district also was greatly increased.

A Threat. New York, Nov. 9.—Police last night guarded the apartment houses at Fifth Avenue and 51st Street in which Mr. and Mrs. George Vanderbilt, Elihu Root and other prominent families live, as the result of a bomb threat telephoned by an unidentified woman last yesterday.

The telephone call was received by the apartment house telephone operator, who told police the woman inquired if Mr. and Mrs. Vanderbilt were home, and when told they were not, said it was "a good thing," because they would have no home when they returned, as "we are going to blow up the building to-night."

## "VAMPLESS" BOSTON COMMON PLANNED

Boston, Nov. 9.—Flirting on Boston Common will become a dangerous practice after February 1 when eight women will be appointed for police duty there. Mayor Peters said this plan had been decided upon to rid the commons of the "vamps" of both sexes who have made it a hunting ground.

## Manufacturers Asking Luxury Tax Be Abolished

Toronto, Nov. 9.—That the luxury tax now imposed by the Dominion is causing unemployment, injuring business and discouraging the investment of capital, and on the other hand that it is securing comparatively little revenue for the Government, are the grounds on which the Canadian Manufacturers' Association is asking the Dominion Government to abolish this form of taxation.

## SOME OF AMUNDSEN'S VALUABLE PAPERS TAKEN BY THIEF

London, Nov. 9.—Valuable documents and diaries belonging to Capt. Roald Amundsen, the Arctic explorer, were stolen yesterday from Capt. Hansen, of Amundsen's steamer Maud, according to a Christiania dispatch to the Exchange Telegraph to-day. Three arrests have been made, but there is no prospect of recovering the stolen documents, the dispatch adds.

## Hon. John Hart Proud of Government Loans to Soldiers and Farmers

Not One Cent Borrowed For Current Expenditure, But All For Capital Account, Secured By Mortgages, Finance Minister Tells Convention; Henry C. Hall and Joseph B. Clearihue Also Speak.

How the financial position of British Columbia to-day contrasts with the state of affairs up to four years ago under the Bowser Government was told at the Liberal nominating convention last night by the Hon. John Hart, Minister of Finance, after the meeting had given him a demonstration on his nomination by acclamation.

Hon. Mr. Hart said that when the Liberal party got into power in 1916 they were advised by the leader of the Opposition not to interfere with taxation, but to go and borrow to carry on the Government of this country. Now, however, Mr. Bowser is going around the country saying that the Government has been borrowing too much. At the same time he is also telling the people that the Government should borrow another \$35,000,000 to complete the Pacific Great Eastern.

"The leader of the opposition has an acrobatic financial policy, jumping here and there to catch votes," said Hon. Mr. Hart.

He likened Mr. Bowser to the Southern politician who said: "That is my policy and if you don't like it we will change it."

"When we took office we were confronted with liabilities amounting to \$4,000,000," Hon. Mr. Hart went on. "We considered that the best thing to do was to borrow if we could get the money. We tried some of the financial houses. The best we could do was to get money at 7 1/2 per cent. But we had greater confidence in the resources of this Province than to go out and borrow at 7 1/2 per cent, and we turned it down.

"The next thing we did was to work out a financial policy, and the basis of that was that current expenditure should be brought within the revenue. The Government does not believe in borrowing for its current expenditure. It does believe in borrowing for capital account for the development of the resources of this Province. Along that line we have borrowed \$27,000,000 since we took office."

## LORD MAYOR'S PARADE IN LONDON

Procession Held To-day; Lloyd George to Speak at Banquet To-night

London, Nov. 9.—The historic procession of the newly elected Lord Mayor of London, participated in by the dignitaries of the municipal corporation, wended its way through the streets of the metropolis to-day following the formal induction of Alderman James Roll into the office yesterday.

To-day's ceremony lacked much of the customary pageantry, which had been curtailed in the plans for the ceremonial owing to the uncertainty of over conditions brought about by the recent coal strike. Nevertheless thousands of people crowded the streets to watch the parade.

The procession started from the Guildhall with the Lord Mayor occupying the antiquated gilded coach of state, attended by gorgeously liveried servants and preceded by uniformed trumpeters. Other carriages contained the retiring Lord Mayor, Sir Edward Cooper, the Sheriff, Aldermen and other city officials. The procession was interspersed with bands and detachments of troops.

The line of march took the procession past the Nelson Monument and St. Paul's Cathedral to the law courts, where the customary official reception by the judges was held. After this the marchers returned to the Guildhall and dispersed.

To-night will be held the customary banquet at the Guildhall, where, in accordance with time honored usage the Cabinet Ministers will be the chief guests. Premier Lloyd George will deliver an address, and may follow precedent by using the occasion for making important Ministerial statements.

## AN ONTARIO DEATH.

Bellefleur, Ont., Nov. 9.—Francis H. Watbridge, aged sixty, husband and former mayor of this city, died in Toronto to-day following an operation. He studied law with his uncle, the late Hon. Lewis Watbridge, Chief Justice of Manitoba.

## KING OF SPAIN IS A VISITOR IN BRITISH CAPITAL

London, Nov. 9.—King Alfonso of Spain and party are in London, having arrived last evening. They were greeted by King George, the Queen, the Prince of Wales and the Spanish Ambassador and members of the Embassy.

## MILAN ELECTION.

Milan, Nov. 9.—The Socialists and Communists were victorious in the municipal elections by a majority of about 4,000.

## SAID D. C. PRAIRIES LIBERAL

Mackenzie King, Completing Tour, States People Indignant Against Meighen

Yorkton, Sask., Nov. 9.—(Canadian Press.)—Premier Mackenzie King completed his tour of the West with a public meeting in the Town Hall here yesterday afternoon. The tour lasted exactly seven weeks, during which time Mr. King addressed twenty-seven public meetings, attended innumerable public receptions, addressed school children in the schools and colleges of British Columbia and the prairie provinces, started road races, opened buildings and experienced the many other duties and pleasures that await the peripatetic politician. Yesterday afternoon, he made a speech which showed no signs of the long and arduous trip.

## Described Tour.

Mr. King's speech, which was preceded by a short address from Hon. H. S. Beland, was in the nature of a resume of the results attained during his trip and the experiences he had met with. Reviewing some of the outstanding impressions of his tour through the four provinces of the West, Mr. King said that "first and foremost was the evident and manifest feeling of indignation on the part of the people against Premier Meighen and his colleagues for presuming to carry on the government of Canada without any mandate from the people and in complete violation of the spirit of the British constitution, in accordance with which the people are recognized as constituting the final authority in matters of government."

## Demand For Election.

Long before Sir Robert Borden had resigned and with him all the members of the Unionist administration there had been a universal demand for a general election. The press of the country irrespective of party, had pointed out that the Union Government had had no mandate from the people since the war and that its mandate had expired with the return of the soldiers from overseas. Canada to-day was the only country within the British Empire and indeed the only country among the free nations of the world, in which the people had been denied the right since the war of electing a new Parliament to deal with post war conditions. Great Britain had had general elections, so had Australia, New Zealand and South Africa so also had France, Belgium, Italy and the United States. It would be a complete defiance of freedom and popular rights for Mr. Meighen to carry on for another

## STEAMER SANK AT VANCOUVER PIER

Coaster Clansman Went Down; Part of Freight Floated Off

Vancouver, Nov. 9.—The first marine accident of the Fall here occurred last night when the coaster steamer Clansman took a list-while moored to Pier H of the C. P. R., and kept listing as the tide fell until the water poured into her engine-room and sank her. She now rests upon bottom with her bow and pilot house above water.

The little steamer came in through the fog last evening early, and the crew congratulated itself on having brought her in through the dense blanket. At night the officers and most of the crew went ashore, leaving one deckhand on watch. At 11 o'clock last night he noticed a list and reported. Company officials went down to see what could be done, and all found they could only watch. Efforts were made to have some vessel come alongside and lift the cargo on the Clansman, but the fog was so thick it was impossible to get a salvor in time. Consequently part of the freight is now floating in the harbor.

The ship was loaded with salt herring from Chemsuam. Captain Lloyd, her master, is reported as having stated the ship was shifted forward after he left her.

## BRITISH-GERMAN TRADE.

London, Nov. 9.—The value of manufactured imports from Germany for the ten months of the current year was more than £17,000,000, as compared with £49,000 in 1919.

## SHOE WORKERS IN MONTREAL STRIKE

Montreal, Nov. 9.—Forty employees of the Daoust London Shoe Factory yesterday declared a strike against the reduction in wages and increase in working hours recently agreed to between the company and its employees. The strikers are all members of the International Boot and Shoe Workers' Union, the company stating that none of its employees who are members of the National Catholic Union have gone on strike.

## EDITOR WAS KILLED IN MILAN DISORDER

C. Rossi Lost Life in Clash Between Police and Socialists

Milan, Nov. 9.—Carlo Rossi, a prominent barrister and editor of the newspaper Secolo, was killed and several persons were wounded in a clash between police and Socialists during a demonstration here last night. Later one of the men engaged in the demonstration tried to tear down the national flag from a balcony of the Liberal Association building, and in the fight that resulted, one man was killed and several injured.

At Turin. During a clash between Socialists and Liberals here last night, shots were exchanged and there were some casualties.

Describes His Tour For Audience in Yorkton, Saskatchewan

Yorkton, Sask., Nov. 9.—(Canadian Press.)—Premier Mackenzie King completed his tour of the West with a public meeting in the Town Hall here yesterday afternoon. ## SOVIET AGENTS GET INTO HOLLAND

Cordon Against Them Not Infallible; Many Bound For United States

Rotterdam, Nov. 9.—The Dutch Government has established a great cordon along the Holland-German frontier to prevent an influx of numbers of Russian Bolshevik agents from Germany. Heavy guards are being maintained and persons wishing to cross the boundary in either direction must pass through frontier posts over recognized highways. Those who attempt to surreptitiously cross run the risk of being shot.

These precautions have failed, however, to check Soviet agents. Men, whom the police would like to interview have been seen in this city and Amsterdam, but when the police set their dragnet for their quarry the men have utterly vanished. Later there usually comes information that the suspects have been found in Germany and are on their way to the Russian frontier.

The system followed resembles the "underground railroad," by which fugitive slaves moved through northern states into the States. There are reports that the same days before the American Civil War.

"Underground." The "underground railroad" is utilized by Soviet agents to bring into Holland Bolshevik "missionaries," who are to make attempts to reach the United States. There appears to be a constant current of these men crossing and recrossing the frontier. Every means of getting them into Holland is used. During recent months many Poles have gone to America, including some deserters from General Pilsudski's army. It is said regularly organized bureaux were established to help these men evade military duty and go forward in Holland and that among them were many Bolshevik agents.

Reports have been received here that many Bolshevik sympathizers who were last year deported as undesirable from the United States are to be returned to that country. Police officials assert a special bureau has been created here to take care of this class of "emigrants" and carry out carefully laid plans for getting the agitators back into the United States.

## Premier to Run Here For Liberals With Hart, Hall, Clearihue

Enthusiastic Convention Gives Complimentary Nominations to Hon. John Oliver and Hon. John Hart; H. C. Hall and J. B. Clearihue Win Out On First Ballot; George Bell Dropped From Liberal Ticket.

The Hon. John Oliver, Premier of British Columbia, the Hon. John Hart, Henry C. Hall and Joseph B. Clearihue were chosen as the Liberal candidates for the Provincial election at the convention at Alexandra Hall last night. The hall was crowded with 600 enthusiastic Liberals, who cheered and demonstrated in favor of their candidates and loyalty to the Oliver Government.

The Premier and Hon. Mr. Hart were unanimously given complimentary nominations when their names were put before the meeting. Mr. Hall and Mr. Clearihue out of four candidates got a big majority of the votes on the first ballot. They both had the solid returned soldier support of the meeting.

"The result of the vote given to the chairman by Tom Walker, returning officer, showed 597 ballots cast, distributed this way: H. C. Hall, 479; J. B. Clearihue, 350; George Bell, 121; Mrs. Cecilia Spofford, 101."

"Words fall me to express myself so that you may feel how highly honored I feel by the honor you have conferred on me," said Hon. Mr. Hart. "I am sorry that my old partner, George Bell, is not to be a running candidate. I am also sorry that we are not going to have Mrs. Spofford as she would be a splendid acquisition in the House."

"We women can always be good losers," said Mrs. Spofford when the result of the vote was made known. "As a losing candidate I want to offer my congratulations to the two successful candidates and further want to say that the women will not always be losers."

Mrs. Spofford then moved that the nomination of Mr. Hall and Mr. Clearihue be made unanimous. "As far as it is possible for me to speak for Mr. Bell, I would like to record that motion," said Mr. Campbell.

Twelve Prospects Interviewed. Dr. Lewis Hall, when nomination was called for, presented the report of the nominating committee, telling how twelve men and women had been interviewed and five men had consented to allow their names to be before the convention. These names he gave as: Premier Oliver, the Hon. John Hart, George Bell, Henry C. Hall and Joseph B. Clearihue. He also said there were two women who did not give any decisive answer.

It was explained that anyone in the convention was at liberty to nominate anyone else. (Concluded on page 2.)

## NO CHARGE AGAINST J. O. SPRACKLIN

No Charge Against Ontario License Inspector Following Man's Death

Windsor, Ont., Nov. 9.—(Canadian Press.)—The consensus of opinion among border residents is that no charge will be laid against Rev. J. O. L. Spracklin, pastor and Ontario License Inspector, who shot and killed Beverly Trumble early Saturday morning. Crown Attorney J. S. Rodd has gone to the country for a few days' rest associates in his law firm stated emphatically to-day that they intended to lay a charge against Mr. Spracklin.

As if to confirm this Mr. Spracklin went to his home in Sandwich directly after the inquest last night without police escort. Seen this morning, he refused to talk, but admitted that he felt happier, and that he was under no duress.

Accompanied by his brother, Rev. Arthur Spracklin, and one of his officers, the "Fighting Parson" went for a motor ride through the border cities.

## OKLAHOMA HORSE WAS BOOTLEGGED

Fort Smith, Ark., Nov. 9.—A mare trained for bootlegging was confiscated in Southeastern Lefflere County, Oklahoma, Monday by John T. Tidgale, Federal prohibition enforcement officer with headquarters here. A still of 100-gallon capacity was seized in the same raid.

Tidgale said the horse, without a rider, carried the whiskey in saddlebags from the still to a rendezvous, where the purchaser of the liquor relieved the animal of its load.

## East Elgin By-Election Contest is Warming Up

Aylmer, Ont., Nov. 9.—With the nomination for the Federal by-election in East Elgin made and the candidates all working hard, the political guns have been unlimbered in a manner that indicates an intensely interesting campaign. The fight is a three-cornered one, and this fact alone makes the result on November 22 decidedly uncertain.

William G. Charlton, a teacher of Welland, is running as the Liberal Party candidate. S. S. McDermand, a farmer of Port Burwell, is the representative of the Independent Farmers, and John R. Stanwell, a farmer, is the National Liberal and Conservative Party candidate.

## COMMONS ADOPTS BILL FOR IRELAND

Provision Made For Second Chambers and Possible Governing Committees

London, Nov. 8.—The Irish Home Rule Bill passed through its final reading in the House of Commons last night with two new clauses added by the Government, which, in the opinion of Irish and Liberal politicians, render the measure practically dead.

The first clause provides that both Irish Parliaments shall establish second chambers for the protection of minorities; the second provides that in the event that fewer than half the members of either Parliament are validly elected, or in case of failure to take the oath of allegiance within fourteen days the King may dissolve the Parliament and place the Government in the hands of a committee appointed by the Lord Lieutenant.

The latter clause replaces the proposal of the Government that the candidates for Parliament must take the oath of allegiance at the time of nomination.

The clause providing for the creation of second chambers was adopted by 175 to 31. It leaves to the Irish Parliaments the duty of framing the necessary scheme. The Government had originally prepared itself to draft the scheme, and was subject to much hostile criticism yesterday for evading the task. The Government's critics declared that the Irish Parliament would not succeed in drafting a successful scheme.

Mr. Bonar Law, the Government leader in the House, and Sir Laming Worthington-Evans, Minister of Pensions, replying to the criticism, explained there were difficulties in the way of the English Parliament attempting the task.

Mr. Edward Carson, the Ulster Unionist leader, argued it would have been quite sufficient to provide a second chamber for the southern Parliament, and by a question elicited from Worthington-Evans that even if second chambers were not established the Irish Parliaments would continue to function.

Committee Plan. The other new clause provides that the number of members validly elected to either Parliament at the first election is less than half the total membership or if the number who have taken the oath of allegiance within fourteen days from the date Parliament is summoned, is less than half the King may, by an Order-in-Council, dissolve such Parliament and place the functions of the Government in the hands of a committee nominated by the Lord Lieutenant pending the summoning of a new Parliament.

Lord Hugh Cecil criticized the clause at the greatest legislative absurdity ever suggested. Mr. Asquith said the clause forcibly illustrated the farcical character of the Southern Parliament. The contingency contemplated he asserted, was certain to arise in Southern Ireland, which then would be reduced to the condition of the most backward of the crown colonies. This clause was carried by 137 to 11.

House of Lords. The measure has to run the gauntlet of the House of Lords, where, according to rumors current in the Coalition newspapers, an attempt will be made to cut the six Ulster counties completely out of the bill, leaving them to be administered, as at present, from Westminster.

JUDGMENT RESERVED. Vancouver, Nov. 8.—Judgment was reserved yesterday afternoon by the Appeal Court after five days' argument, in the case of the Esquimalt & Nanaimo Railway Co. plaintiff, and Wilson & McKenzie, the Attorney-General and the Granby Consolidated Mining, Smelting & Power Company, defendants and appellants.

## \$14 ADDED TO GIRL GUIDES' FUNDS

Successful Concert, Followed By Dance, Held at Cowichan Station

Cowichan Station, Nov. 8.—The variety entertainment held under the auspices and in aid of the Girl Guides, South Cowichan Girl Guides, in the C.A.A.C. Hall, Cowichan Station, was an unqualified success both from the financial point of view and from that of enjoyment.

Owing to the many "good turns" of friends and relatives of the Guides, which took the form of contributions to the concert work and produce stalls, and supper, as much as to the energetic enthusiasm of the Guides themselves and their committee, the company's funds will benefit to the extent of \$14.15. A part of this money will be used to buy skirts, hats, belts and ties, which are needed to complete the Guides' uniforms, and the remainder will be kept as a reserve to draw upon as needed.

Miss Grace Stephens added yet another to her many dramatic successes with the presentation of the comedy, "After the Honeymoon," or the Interfering Flapper, which contributed greatly to the amusement of the evening.

The story is of a young couple, "Brenda" and "Freddie," played by Miss Stephens and Geoffrey Stephens, who are really devoted to each other, but given to violent quarrels over seeming trifles.

"Evangeline," the "Interfering Flapper" played by Miss Sylvia Kennington, and her aunt, "Brenda's" mother, played by Mrs. M. Reid, both endeavor to patch up the latest breach which has apparently come to a head over a dispute as to the placing of the telephone.

"Freddie" who believes himself to be a budding poet, objects to having on his desk as his ringing interferences with his poetic inspirations, but "Brenda" insists that it is the only place for it.

In spite of protests from her mother and "Evangeline," "Brenda" decides she will get a divorce, but left alone with "Freddie" on the eve of her departure, she draws him into a discussion of the causes of their quarrel. They succeed in placing the blame on Evangeline, whom they suspect of having deliberately led them on for the purpose of adding to her record of the pros and cons of matrimony and the curtain finally goes down on an affectionately re-united couple.

Much applause. Enthusiastic applause was accorded every item on the varied concert programme, which was contributed to by Mrs. Martin, Mr. Condy, R. Stephens, Miss E. Bevan, Miss E. Valcott, Mr. Huntington, Mr. Sunderland and Mrs. Wainwright.

During supper, which was served by the ladies of the Guide Committee, the floor was cleared for dancing. Mrs. Martin's orchestra, which was in particularly good form, provided the music, and the evening closed at 2 a.m., with three rousing cheers for the South Cowichan Girl Guides.

## GOLD PRODUCTION OF THE DOMINION

Vancouver, Nov. 8.—A clean-up shipment from the Dominion of Canada assay office here of 50 gold bars, valued at over \$500,000, has been made to Ottawa.

The season of 1920 has been very satisfactory in the gold mining industry in both British Columbia and the Yukon. This shortage of water interfered seriously with dredging operations, and the high cost of operating has adversely affected all mining, both lode and placer.

The shutting-down of the Hedley gold mines recently is a serious blow to the lode gold mining.

Roseland has resumed mining, and shipments of bullion from Trail are arriving again in Vancouver, but the long shut-down of the Province's premier gold camp has caused its share in the drop of gold production of Ontario was the highest on record. The increase was over 22 per cent. over the best previous year. The effect of this will be practically to balance the falling off in Canadian gold production in the West.

As it is, Canada is doing much better than the United States. The United States gold production has dropped by 50 per cent. in the past three years, and is now only \$50,000,000 a year. Canada's production should close to \$200,000,000 this year. The great bulk of this is from Ontario, and over \$50,000,000 will be from the Hollinger Mine alone, at Timmins, Ontario.

## LETHBRIDGE HEARD PREMIER MEIGHEN

Lethbridge, Nov. 8.—"This country never was further from the free trade theory than it is to-day," said Premier Meighen here last night. "There never was much less inclination to tie ourselves up with tariff obligations to the United States. We are making our own tariff in this country, and we intend to continue doing so."

The Prime Minister and Hon. J. A. Calder talked at some length to an audience gathered in the local theatre, and explained why they were backing a "middle course" tariff. There were few interruptions, and the speakers were given a good reception.

Mr. Meighen declared that Canadian industries could not stand free trade, and he pointed to alleged discrepancies in the tariff views of Hon. T. A. Crerar and the Canadian Council of Agriculture. Mr. Crerar, he said, was for free trade, and the Council favored protection where necessary to save an industry.

The Prime Minister and Mr. Calder addressed a party luncheon at noon and a public meeting in the evening. Addressing the luncheon gathering in the afternoon, Premier Meighen repeated his belief that the Federal Government should not undertake the construction of irrigation projects in Southern Alberta. The Dominion Government, he said, had made surveys, which had been approved by engineers of the Provincial Government and the rest was for the people of the district.

W. A. Buchanan, M. P., who spoke briefly, made it plain that while he might not agree with all the policies of the Meighen Government, he had a great personal admiration for the Premier. He intimated that he intended to pursue an independent course in the House of Commons.

## MANY PRISONERS PERISH IN SIBERIA

Copenhagen, Nov. 8.—Lieut. Fischer, of the Austrian army, and eight comrades, who escaped from a Siberian prison, arrived to-day and declared that the prisoners were dying by wholesale from starvation, tuberculosis, typhus and other diseases.

The Austrians cited one camp of 5,000 prisoners, of whom they said, 2,000 died in six months. Forty thousand died up to the end of 1918, they declared, and the number who perished since then was unknown. Conditions were getting worse daily, they said, and certain camps were called "Deadman's Camps."

Owing to the frozen ground it was impossible to bury the dead during the winter, according to the Austrians, and the naked bodies of the dead prisoners were stacked like logs outside the huts, where they were exposed, remaining there until spring.

During the past summer large graves were dug in advance for those doomed by death by starvation or illness during the winter.

The Russians formerly gave the prisoners well-nigh unobtainable bread. The prisoners now are getting housework, the Austrians declared, but must get food for themselves in districts where almost no food is to be found.

## CONSERVATIVES OF ONTARIO TO MEET

Toronto, Nov. 8.—Conservative organizations in two-thirds of the ridings in the Province of Ontario have notified Conservative headquarters in Toronto that they will have a full representation at the party's provincial convention to be held here on December 1 and 2.

The question of leadership will be decided at that time. It is understood that G. Howard Ferguson, the present Conservative leader in Ontario, temporarily will be nominated, but his acceptance is regarded as doubtful.

## LADYSMITH ITEMS.

Ladysmith, Nov. 8.—Mrs. Williams, of New Westminster, is visiting at the home of her daughter, Mrs. J. G. Reid, this week.

Miss Beatrice Ugan is in Ladysmith from Hazelton on a visit to her home. After an absence extending over the first six months, John Ferguson has returned from London, Ont.

## ARMY MEDICAL CORPS WOMAN PRAISES TANLAC

Mrs. Hubbard, who rendered Valuable Service Overseas, Can't Say Enough For Master Medicine

"I'll tell you, it's enough to make anybody rejoice to get the wonderful relief I have, and I just can't praise Tanlac enough for it," declared Mrs. Thomas Hubbard, of 67 Fullerton St., Hamilton, Ont. Mrs. Hubbard has a large circle of friends in Hamilton, and rendered valuable service in the women's army medical corps overseas.

"Before Tanlac built me up to good health, I was badly run down and very much worried over my condition. My appetite was so poor that I didn't care for anything to eat, and felt weak and worn out all the time. I would lie awake nearly all night, and would get up in the morning feeling as tired as when I retired, hardly able to do my household work."

"However, I could tell I was improving after the first few doses of Tanlac, and it wasn't long until my appetite returned, with such force that I could hardly get enough to eat. I never have a sign of indigestion, am entirely free from that tired worn out feeling, and just sleep like a child every night. Tanlac is certainly a grand medicine, and has been a wonderful for me I want to let others know about it."

Tanlac is sold in Victoria by D. E. Campbell, corner of Fort and Douglas, and "Lang's Drug Store, Esquimalt Road."

## ARBITRATION ON CANTEEN PROFITS

Ottawa, Nov. 8.—(Canadian Press)—Questions which have arisen between the Imperial and Canadian authorities over distribution of canteen profits probably will be referred to an arbitration board. A number of points of difference having arisen, technical points concerning the nature of the original arrangement regarding disposition of the canteen profits; the valuation of stock in hand when the war was concluded, and so forth. Agreement of both will be necessary, however, before the exact amount of the profits made can be determined and a basis of division reached.

What the amount of the profits will be cannot therefore as yet be stated with any degree of accuracy, but it is estimated that the Canadian share will be between \$1,000,000 and \$2,000,000.

The question of disposal will subsequently be taken into consideration by the Dominion Government.

## FIFTEEN ACQUITTED AT ATHENS TRIAL

Athens, Nov. 8.—Fifteen persons accused of having been implicated in the attempt to assassinate Premier Venizelos in Paris and in a conspiracy to overthrow the Government have been acquitted.

## DRUGS CONFISCATED.

Vancouver, Nov. 8.—Drugs valued at about \$20,000, and including opium, cocaine, morphine and heroin, were ordered confiscated to the Crown by Magistrate South yesterday, while Tom Sing, on whose premises at 254 Pender Street West, Detective Sinclair and Hickey, with Inspector Barton, found the "cache," was fined \$400 costs.

## Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

### These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—LILLIAN THARP, 824 South 6th Street, Carrollton, Ky.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a testimonial."—MRS. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.

## PREMIER TO RUN HERE FOR LIBERALS WITH HART, HALL, CLEARHUE

(Continued from page 1.)

**Snow-White in Honesty.**  
The Hon. John Oliver was nominated by J. B. Warnick.  
"It seems to me that as this is the Capital City of the Province, it is fitting that it should be represented in the Legislature by our Premier," said Mr. Warnick.  
"The Hon. John Oliver is a man of great moral vision, political sagacity and a snow-white soul as far as honesty is concerned. I question whether there is a man in the Dominion of Canada who has the integrity and political sagacity of the Premier of this Province."

**Always Aiding Returned Men.**  
As a returned citizen I can say that Hon. Mr. Oliver has always been found in support of anything that would aid and benefit the returned man," said Col. W. N. Winsby, in nominating the Hon. John Hart.  
"The returned man question is largely a Federal question, but as far as the Oliver Government is concerned it has always supported the returned men and will continue to do so."  
"Mr. Hart's budget of the last session was a noticeable event and admitted to be by all a master stroke. It has been said that when the Oliver Government came into power they found the finances of the Province at a very low ebb. But now the finances have been restored. And this to a large extent has been due to the ability of Hon. Mr. John Hart."

**Two Nominations Unanimous.**  
As soon as the Premier and Hon. Mr. Hart had been nominated, the Rev. P. C. Parker moved that these two nominations be made absolutely unanimous.

"I am asking you to do for them what the Conservatives of the city of Vancouver did for Mr. Bowser," said Rev. Mr. Parker.  
"It is a fitting tribute to the efforts these two gentlemen have put forward to bring British Columbia to the satisfactory state of her politics and economics," said Frank Higgins, K.C., in seconding the motion.  
The meeting with cheers supported the motion, leaving only two others to be nominated.

**Always Energetic Worker.**  
"Henry Hall has always been an energetic worker for anything that would advance the Province of B.C.," said Mark Graham, nominating Mr. Hall.  
"He is a man in touch with all things that stand for the betterment of British Columbia."

**Has Served Returned Men.**  
Comrade Axon nominated Joseph B. Clearhue.  
"As a returned man I am voicing the opinion of all returned men when I bring forward the name of Mr. Clearhue," said Mr. Axon. "He has five years military service to

his credit. He is a native son and a Rhodes scholar.  
"We have got to stay by the party on the grounds of the services rendered to returned men of this city and we must have someone in the House to put our cause before Parliament."

**Woman Member Urged.**  
The Liberal party put the woman's suffrage plank in its platform before they came into power and when they came into power they consummated it by bringing it into force," said Mrs. (Capt.) Grant, nominating Mrs. Cecilia Spofford.  
Mrs. Grant said she wanted to see Mrs. Spofford in the Legislature to help other women who will come there from the mainland.  
"We women feel the great need of having a woman in Parliament to voice our needs," she said.

**Has Courage of Convictions.**  
"Whether you agree with Mr. Bell or not there is no man or woman in this audience who will not admit that he has the courage of his convictions; that he says what he means and that he means what he says," said J. M. Campbell, nominating George Bell.  
"Don't you think it wise to have Mr. Bell in Parliament next year when so much important legislation is to be brought down?"

**Dr. Lewis Hall Drops Out.**  
Alderman Dinsdale nominated Dr. Lewis Hall, and told of his sixteen years of service to the city for two years in the office of the mayor. The alderman said Dr. Hall had been a Liberal all his life, a great temperance worker and one who knows the requirements of this city.  
Dr. Hall, however, arose and withdrew his name from nomination.  
"What the convention should do is to get those who will draw from every section of the city and have every part represented," said Dr. Hall.

**Should Emulate Vancouver.**  
"I have stood on various platforms, but it is my first appearance on a political platform," said Mrs. Cecilia Spofford, when the nominees were called on to speak. "The only reason I have to-night for being on this platform is that given by the lady who proposed my name. We women now look to the Liberal party to give a woman representing forty-seven per cent of the people of this Province a place on its ticket. The present Government has any other social legislation than any other government. To-night we are asking that you give representation to the women of this Province. I am asking, now that you have given the franchise to women, you should do as well as Vancouver has done on its party tickets, as some of the women of this city were working towards this end before the city of Vancouver had a place on the ticket."

**Still Keen to Serve Country.**  
"While we are overseas we were fighting for the good of this land," said Joseph B. Clearhue.  
"Now that we have returned, we want to fight for the good and prosperity of this country."  
"We have got to build in British Columbia a country worthy of its name. It should be our duty to weld together the striving forces in our population so that we can have a prosperous and contented population."  
"In 1914 many of us were called upon to serve our country overseas. What we are asking now is the privilege of serving you in another manner, and that is in the management of your affairs."

**To Support "Best Government."**  
"I nominated and elected I will go in as a supporter of the Oliver Government, which I consider the best government British Columbia has ever had," said Henry C. Hall.  
**Stands By His Principles.**  
"Even if you do not agree with his principles I think you will agree that everyone admires a man who stands by his principles," said J. M. Campbell, speaking for Mr. Bell. He explained that Mr. Bell has just arrived in Montreal on his way back to Victoria from Scotland.

**Wonderful Contrast.**  
"When I first came to Victoria it seemed to me that many people were afraid to be called Liberals, but such a splendid gathering as this shows that the temperament of the people of Victoria has been changed," said W. M. Ivel, president of the Victoria Liberal Association, who presided.  
"To-day we have as our Premier that staunch, honest, hard-working John Oliver with his Government that has made such a record in the last four years, after taking over the Government of this Province from the party that left it with practically nothing in the treasury."

**Is it not a wonderful contrast to compare conditions under the Bowser Government with what we have to-day, and especially the way the treasury stands? The depletion of the treasury under the late Government was not due to war conditions as you all know, but because that Government was not willing to conserve the resources of this Province."**

**Mr. Ivel enumerated outstanding measures of the Oliver Government such as mothers' pensions, minimum wage laws, better housing scheme for returned soldiers, the Pre-emption Act, the Soldiers' Land Settlement Act.**  
"I think these acts in themselves are commendable as the result of the Oliver Government," said Mr. Ivel.  
W. P. Day, in Highland costume, assisted by Miss Muriel Keller, gave a series of Scottish songs. Led by J. B. Warnick the audience indulged in a community sing while the votes were being counted.

**SPRACKLIN JUSTIFIED IN SHOOTING MAN**  
Windsor, Ont., Nov. 9.—Justifiable homicide was the verdict returned by the coroner's jury which investigated the death of Beverly Trumble, who was shot by Rev. J. O. L. Spracklin, pastor-license inspector, at the Chapel House at 3.30 o'clock Saturday morning.

## HON. JOHN HART PROUD GOVERNMENT LOANS TO SOLDIERS AND FARMERS

(Continued from page 1.)

Hon. Mr. Hart then detailed the application of this money, as follows: \$4,000,000 to meet the deficits and liabilities left by the Bowser Government and \$14,000,000 for the P. G. E. "There you have \$18,000,000, and not one cent due to our policy or our administration," he said.

**Proud of \$9,000,000 Loan.**  
"Then we have borrowed another \$9,000,000, and there is no action this Government has taken of which we are more proud than the borrowing of this \$9,000,000. There was not one dollar borrowed that was expenditure, but for capital account."

"We borrowed for loans to farmers. Of this, \$2,550,000 was for the Land Settlement Board, \$1,500,000 for returned soldiers for better housing. These two sums were loaned and the Government has the mortgages for these loans in its vaults."

**For Soldiers and Farmers.**  
"I challenge the leader of the opposition to say that this is a spend-thrift policy."  
"For the Soldiers' Land Settlement Act we borrowed and loaned \$700,000 for the Water Act to do with farming irrigation, \$300,000. And we have as security the lands benefited by these loans."

"There was also \$700,000 loaned to the City of South Vancouver against which we have nearly \$1,000,000 of coupon bonds and we are clipping the coupons and collecting the interest regularly."

"Every item which we have borrowed has been loaned out for the development of our Province and for helping the farmers and the soldiers to develop this Province."

**"Adverse Sentiment."**  
Hon. Mr. Hart contrasted the present borrowing position of British Columbia with that under Mr. Bowser, who in his last term of office put through a loan of \$3,000,000 at a 6½ per cent. The last loan the Province put through a few weeks ago was at the rate of 4½ per cent.

He read from the archives left by the Bowser Government a letter from an Eastern financial house which asked for a higher commission because the bonds of the Province were so difficult to dispose of, due to the depreciated credit of the Government, and "adverse sentiment" towards the financial condition of the Province.

**No More "Quiet Arrangements."**  
"The Government at that time was obliged to pay over 4 per cent commission for selling its bonds," Hon. Mr. Hart went on. "Now this Government—selling bonds in open competition by public tender at a commission of one-half per cent."

"When Bowser made his loan he called in a financial house and made a quiet arrangement. He had a friend who was manager of a local bank and this man's brother in the East was interested in selling bonds. And this man handled the loan."

**Sold All in One Hour.**  
Contrasting with this the present improved conditions, Hon. Mr. Hart quoted the interview of J. Castelli Hopkins, financial expert of the East, given when here a few weeks ago. In this interview Mr. Hopkins said that the most remarkable thing about British Columbia has been its improvement from a financial standpoint.

He also quoted the agent of the bond house which bought the last British Columbia loan and who said in a newspaper interview: "We sold the whole \$1,000,000 in less than one hour," and that careful management has brought back the credit of this Province."

"In Mr. Bowser's time it took three months to sell a British Columbia bond issue," said Hon. Mr. Hart.  
**Saved Province \$746,000.**

Hon. Mr. Hart told of the trip he and Premier Oliver made to the East in 1918. He found that the best rate the Province could get on money was 6½ per cent. This they refused to accept. Instead they came home and in the session of 1919 presented the House with a statement that showed for the first time since 1910 a surplus revenue over current expenditure. When that information was given out the Government went back into the market for its money and got it for 5½ per cent.

"We made for the people of this Province \$746,000 on that one loan of \$6,000,000 by waiting for one year," said Hon. Mr. Hart.  
**The system of calling for public tenders for bonds was started when I went into office. And that is the system that will prevail as long as I am in office."**

**Bring in Big Tax Payments.**  
He went on to deal with his introduction of a new system and Mr. Bowser's criticism of it.  
"This audit system has cost \$27,500 to date," the Minister went on. "The duty of the auditors is to go to financial houses and the income tax returns. For that \$27,500 they have brought in \$1,400,000 which otherwise would have gone by the board."

"Is this putting the finance department on a sound basis? Well, as they say across the line, I'll say so."

**Has Premier Electing Habit.**  
"This is a mandate to go to work," said Henry C. Hall. "Under Premier Oliver, who is the hardest working man I know, you can count that the work of us will be kept up to the mark."

"Victoria has had the habit of having the Premier elected from this city, and I think it is going to keep up its reputation."

**"Square Deal" Appeal.**  
Detailing funds that were improperly paid out of the treasury by Mr. Bowser's party, Mr. Hall said that even the Conservative members of the committee on the P. G. E. had to admit that they gave away millions to railways.

"How can that be called a square deal?" he asked.  
"One of the Conservative candidates told us he stood for Bowser because the latter stood for a square deal for the Province, the city and the returned soldiers. Yet Mr. Bowser had admittedly paid out millions illegally to the C. N. R. and P. G. E. As for a square deal for the municipal-

Working on Local Problems.  
Mr. Hall told of how the completion of the Canadian National was successfully urged by the present Government after the Dominion Government had taken over the line, and were tending to abandon it. He referred to the Johnson Street bridge and the Premier's part in removing difficulties so that as soon as the city completes its arrangements the bridge will go ahead. The Government money for the bridge is now available.

Mr. Hall said that if Esquimalt were turned down as the naval base site by the strategical experts, he is going to urge that it be turned over to the Provincial Government to be parcelled out as industrial sites like the Kitilano Reserve, where there is now so much development.

He said he would work to have settled the question of the titles to the mineral resources in the E. & N.

Under the Industrial Aid Act, Mr. Hall explained, there have been established already seventy industries employing 1,200 men.  
"The Oliver Government had the courage to borrow money to back these industries," said Mr. Hall.

**Not Shirked Duties to Soldiers.**  
"I hope that in the future I will be able to serve you as well as your members have served you in the past," said Joseph B. Clearhue.  
"Now that we have finished the war, we are in a position to look around and develop our own country. The first thing that has got to be done is to resettle our soldiers in civil life. This is chiefly for the Dominion Government, but there is much which the Provincial Government can do, and much which the Provincial Government has done. I don't think that you can find any returned man in this city who can say that the Provincial Government has shirked its duties."

**BELGIAN CABINET.**  
Brussels, Nov. 8.—M. Segers, deputy for Antwerp and leader of the Roman Catholic Party, has declined King Albert's invitation to form a Ministry. The Belgian Cabinet, of which Premier Delacroix was head, resigned last Wednesday.

## THE LIBERAL TICKET.

If the enthusiasm of six hundred Liberals of both sexes may be taken as an indication of the general attitude that will be displayed by supporters of the Oliver Administration during the next three weeks, last night's nominating convention should be followed by a complete victory at the polls on December 1. Not a single note of discord marred the whole proceedings, and the business of the convention was simplified by a general desire to record a definite mark of appreciation to the Premier of the Province and to his Minister of Finance by tendering to Mr. Oliver and to Mr. Hart a unanimous nomination without the formality of ballot procedure. The demonstration which followed disposed of any doubt about the popularity of the two candidates.

Spontaneous enthusiasm was none the less marked when the name of Mr. H. C. Hall was submitted to the meeting, while Mr. Clearhue's nomination was the signal for a renewed outburst in which it was not difficult to detect the tangible sign of approval from a large contingent of returned citizens. Both Mr. Hall and Mr. Clearhue obtained the requisite support on the first ballot, and the ticket as it stands appeared to convince the six hundred present that an appropriate expenditure of persuasion and energy during the period between now and December 1 is all that is required to repeat the performance which marked this city's contribution to the Legislature four years ago.

Sympathy naturally goes out to the losers. Mr. Bell was handicapped by reason of the fact that three thousand miles separated him from the atmosphere in which the personal touch counts for a great deal. His failure to obtain a place on the ticket, however, must not be taken that his services to Victoria and to the Province during the last four years are unappreciated. The reverse is the case. Moreover, nobody better than Mr. Bell himself will be able to appraise the weight of competition which entered into a selection for the two remaining places on the ticket, not alone in respect of personality and service, but by virtue of the effect of a recent wave of public sentiment and the defeated nominee's attitude towards it.

Mrs. Spofford was not dismayed by the result of the ballot. She informed the meeting that the women were good losers. She warned the men that women would not always be the losers, and the truth of her warning will be borne out before British Columbia has added another decade to her history.

## WHAT IS WANTED.

It is true that the proceedings of the nominating convention were about as hopeful a sign for the return of four Liberal candidates in Victoria as could be desired. But it must be the duty of every Liberal worker, as well as every Liberal candidate in this and every other constituency, to direct the attention of the electorate to the fundamental functions of government and what is required to stabilize that government.

The abolition of the deposit system in provincial elections removed the last barrier to many aspirants for parliamentary honors who have considered themselves capable of taking their part in the conduct of the public affairs of the country from the floor of the Legislature; but whose lack of worldly possessions hitherto has precluded their entry into the political

arena. Nor should there be any complaint about an Elections Act which pays full regard to British democracy by placing rich and poor on an equal footing. But it must not be forgotten that the natural corollary of such an extension of liberty is the admission of a crop of divergent policies which may or may not have an atom of regard for the general welfare of the Province, yet the espousal of which by a sufficient number of the electorate may easily result in the selection of a Legislature composed of a number of factions and none possessing either a working majority or the ability to join forces.

This is the danger which the election on December 1 presents. On that account, and while acknowledging the right of any man or woman to aspire to legislative service, it should be the duty of the electorate to ponder this question before the election day. British Columbia has a great future. The Oliver Administration has conducted her affairs for four years. It commenced its task against heavy odds. It demolished its obstacles and restored provincial credit. The securities of this Province are eagerly sought by the financial houses. And these are but a few of the reasons why British Columbia should be allowed to make progress under stable government, and an important reason why the efficient work of the Oliver Administration should not be disturbed at this stage.

## REAL FREEDOM.

London's Albert Hall has been the scene of some remarkable demonstrations and some remarkable gatherings. It scarcely knows from one day to another whether its next "engagement" is to mark a brilliant function in which the social butterflies of the great metropolis will trip the light fantastic and rub shoulders with all that means anything in literature and art; or whether its walls may ring with the revolutionary utterances of the rag-tag and bob-tail of Europe. Its latest "fixture" was that in which the national "Hands off Russia" committee combined with the Communist Party of Great Britain to celebrate the third anniversary of the Russian Soviet Republic. And it was a typical "red" meeting. Mr. C. L. Malone, M. P., was the star "turn," and among other things he announced to all and sundry that "we are out to change the present constitution, and if it is necessary to save bloodshed and to save atrocities we shall have to use the lamp-posts or the wall." In this choice reference the speaker asked of what account were a few Churchills or a few Curzons on lamp-posts compared with the "murders" at Amritsar and reprisals in Ireland? And so the Motherland goes on her placid way, doing her best to satisfy all her "classes." But where in all the world is there a parallel for London's Hyde Park and Albert Hall? These two safety valves are Bolshevism's most potent foes in Great Britain. There is nothing like fresh air, sunlight, and space to take the infection out of the revolutionary germ.

## SPECIAL AUDITS.

Nobody likes the tax collector. He is regarded by most people as a sort of blight that ought to be removed by some chemical process and never allowed to appear again. This is the feeling when the average individual finds it necessary to draw a cheque in favor of the Government or the Municipality. But in calmer moments the unwelcome visitor usually is let off with the general supposition that he is a necessary evil.

Some idea of how finances have been improved in this Province, however, was given to last night's Liberal nominating convention by the Hon. John Hart. He informed his audience that the special audit system introduced by himself had cost the country \$27,500; but its operation had resulted in the collection of taxes amounting to \$1,400,000 which otherwise would have gone by the board. One of Mr. Bowser's complaints of the special audit system. The figures referred to are sufficient answer to the criticism.

## NOTE AND COMMENT

Sugar is selling at sixteen cents per pound in Winnipeg. How annoying to Mr. Drummond!

One of the most sensible things Mr. Winston Churchill has said for a very long time is that "no majority needs to challenge the British Constitution." It does not.

Rosy complexions, ruby lips, and fragrant personalities cost the women of the United States \$750,000,000 last year, according to luxury tax returns in respect of those diminutive but important articles of the toilette. During the same period \$300,000,000 were spent on furs. Is this a triumph of comfort in condensation over comfort in bulk?

Mr. Joseph Martin says both political parties in this Province are bad eggs, thoroughly bad eggs. This seems to have been "bringing Joe's" experience everywhere; he never seems to be able to "hatch" anything worth while. Or is it that he does not "sit" long enough in one place?

Mr. Bowser has stated on the public platform that the Oliver Administration has issued no less than fifty thousand Orders-in-Council. Mr. Oliver suggests that four thousand would be nearer the mark. But, then, what does forty-six thousand or so matter to the Leader of the Opposition? He always was so accustomed to tall figures.

This is the commencement of a dispatch from Marion, Ohio: "The League of Nations has been pronounced dead by President-elect Harding. In one smashing sentence the next President of the United States sounded the death-knell to the Covenant." But for some reason or other the world continues to perform its circular tour each day.

Some of the old Tory school in Great Britain have conceived the idea that the time has arrived to ditch Mr. Lloyd George by forcing him to choose between the old political cries of his opponents and those reforms which he found it desirable to shelve for expediency's sake. Exponents of the new idea should mark well that the Prime Minister still refuses the coffin so frequently offered to him by the Northcliffe Press.

## OTHER PAPERS' VIEWS

## MATTER OF GEOGRAPHY.

(The Boston Transcript.)

A Minnesota man who had been introduced to a fellow citizen by his Congressman, asked the latter with reference to his new acquaintance: "Is he rich?"

"Well," replied the Congressman, "that depends on geography."

"Where we consider him very rich; he's worth about a million dollars. If he were in New Jersey, I suppose he would be considered fairly well to do; while if he lived in New York folks would be dropping dollars in his hat."

## WHERE IT STARTED

FISHHOOKS.

(Copyright, 1920, By The Wheeler Syndicate, Inc.)

The earliest known fishhook is called a "gorge." It was found in France, and is over 5,000 years old. It is a bit of stone about one inch long, grooved in the middle for the line. It was swallowed by the fish and stuck crosswise in his gullet. Hooks of bronze and bone, with barbs, have also been found, but they are of much later date.

## WHY

DO WE SPEAK OF "FIGHTING LIKE KILKENNY CATS?"

(Copyright, 1920, By The Wheeler Syndicate, Inc.)

Practically everyone has heard of the two cats of Kilkenny that fought until nothing was left but their tails, and, although the story may sound like the wildest kind of nature-faking, there is a substratum of fact upon which it is founded.

During the Rebellion in Ireland in 1803, Kilkenny was garrisoned by a number of Hessian soldiers who amused themselves in the barracks by tying two cats together by the tails and throwing them across a clothes-line to fight.

The officers, hearing of the cruel practice, resolved to stop it, and sent one of the lieutenants to collect evidence, while the soldiers also placed a man on guard to give warning of the approach of the officer.

One day, however, the sentinel neglected his duty, and the heavy tramp resolved to stop it, and sent one of the lieutenants to collect evidence, while the soldiers also placed a man on guard to give warning of the approach of the officer.

## SAYS B. C. AND PRAIRIES LIBERAL

(Continued from page 1.)

couple of years as he evidently purposed to do.

100,000 Heard Them.

In conclusion Mr. King dwelt on the reception which had been accorded himself and his colleagues by the people of British Columbia and the Prairies throughout the whole of their Western tour. They had, he said, in the course of the last seven weeks addressed more than 100,000 persons in all parts of the four Western provinces. "It is not a single instance of the whole of the trip did we meet a single unfriendly interruption, while on the other hand, our message was everywhere received with the heartiest of responses and great enthusiasm," declared Mr. King.

Liberal.

"I am returning to Eastern Canada with the feeling that the whole of the West is Liberal in its sentiments, outlook and purpose. I entertain no fears as regards the movements which have found such strong expression in the farming communities. All that is needed to secure the triumph and vindication of Liberal principles is co-ordination and unification of effort on the part of all progressive groups. This work has been immensely furthered by the meetings held in the Western provinces."

The next Parliament of Canada, he declared, would see the East and West united in a Parliament representative of Liberal thought and feeling, names were secondary to principles. It was the long awaited triumph of Liberal principles which the Canadian public would witness at the general election whenever it was held.

Mr. Meighen.

Ottawa, Nov. 9.—No confirmation of the report that Premier Meighen will appear for a second time in the East Elgin riding in support of the Government candidate in the by-election can be obtained here, but it is thought to be quite probable that he will do so. Mr. Meighen will speak in Massey Hall, Toronto, on November 13, and will come direct from the West to Toronto to keep the engagement. The voting in East Elgin will take place on November 22, and arrangements may be made to have Mr. Meighen close the campaign on Saturday, November 20. Should he do so the last three days of the fight will assume the character of a great triangular duel, because Hon. Mackenzie King will be in the constituency on November 13, and perhaps also on the two following days, while Hon. T. A. C. Crerar is booked for a speech on November 19. The expectation here is that the by-election will create more general interest than any other single constituency political fight in recent years.

Mr. Meighen will speak in Massey Hall, Toronto, on November 13, and will come direct from the West to Toronto to keep the engagement. The voting in East Elgin will take place on November 22, and arrangements may be made to have Mr. Meighen close the campaign on Saturday, November 20. Should he do so the last three days of the fight will assume the character of a great triangular duel, because Hon. Mackenzie King will be in the constituency on November 13, and perhaps also on the two following days, while Hon. T. A. C. Crerar is booked for a speech on November 19. The expectation here is that the by-election will create more general interest than any other single constituency political fight in recent years.

Mr. Meighen.

Ottawa, Nov. 9.—No confirmation of the report that Premier Meighen will appear for a second time in the East Elgin riding in support of the Government candidate in the by-election can be obtained here, but it is thought to be quite probable that he will do so. ## IS PREPARING DATA FOR CONFERENCE

Council Will Make Pre-election Effort to Secure Promises of Provincial Grant

The City Controller is preparing financial data for the Finance Committee to report to the City Council, said Alderman Sargent to the City Council last evening, in allusion to the proposed conference on greater Government grants to municipalities.

In alluding to the resolution, of which details were published in Saturday's Times in a report of the Victoria Real Estate Exchange, Alderman Sargent said it was erroneous to state that one-eighth of the assessed value of the lands of the city was taken over by the city, which he was satisfied much over-stated the fact.

Alderman Fullerton trusted they would not overlook the claim for the restoration of the city insurance tax, which for many years was a municipal tax, and ought to belong to the city.

Alderman Fullerton's remarks drew from Mayor Porter a statement of the progress on the financial situation, when he explained that it was found difficult to secure a date acceptable to the political leaders, though he hoped shortly to succeed.

The Council decided to thank the Real Estate Exchange for its interest in the question of municipal revenue.

## MOOSE CELEBRATE AND PLAN NEW FROLIC IN SEATTLE

Saturday last was a big day in "Moose" circles and a large crowd invaded the city for the purpose of holding a Frolic and initiating 49 members of the local lodge into the second degree or legion. At 1:15 about 25 Legionnaires arrived from Seattle and were followed shortly after by 75 more from Vancouver.

The famous Moose band from the latter city headed a procession through the principal streets to the rendezvous, the K. of P. Hall, returning to the Dominion Hotel, where they dispersed.

Later in the evening they again paraded and gave a band concert afterwards. Word was received that a large contingent had left Port Angeles on a special boat chartered for the occasion, they arrived at 9:30 p.m. having lost their bearings in the fog.

The hall was packed with Legionnaires and candidates, and at 8:30 p.m. the first half of the ceremony was carried out. Bro. J. C. Davis, "The Great North Moose" of Maple Leaf Legion No. 53 in the chair, assisted by Bro. J. R. Cameron, "South Moose" Bro. F. E. Hill, Deputy Grand Recruit, Bro. L. J. Brown, "Herd" and Bro. E. E. "Kid" Fisher, "The Great North Moose of the Wild West Legion." Supper was then called and under the supervision of Bro. J. F. Pearce, Secretary of Victoria Lodge and the help of Bro. Dictator Tremblay, Hodgkinson, Jr., Plummer, Blyth, Payne and Kennedy, a sumptuous repast was consumed, the coffee, concocted by Bro. Payne being voted par excellence.

Following the refreshments the second half of the ceremony which came to a close about midnight. Bros. Legionsaire Tremblay, Hurd and Thompson, thanked the gathering on behalf of Victoria Lodge.

Another Frolic is to be held in Seattle November 27, and the biggest crowd in history is expected, many of whom will be from Victoria. A big boost should result from the event to the local Loyal Order of Moose. Most of the Legionnaires left on Sunday for their various homes and the remainder left the city Monday morning.

## DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drugstore here may sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

The Sale of tickets for the seventh  
annual Police Ball, which will take  
place in the main hall at the agri-  
cultural buildings, at the Willows,  
is progressing with phenomenal rap-  
idity. The mark now reached has  
already surpassed the total number  
of tickets sold last year, and the  
ticket committee report that they  
are meeting with success at every  
venture. The Ball will be held on  
November 18th, and all those re-  
quiring tickets are reminded that  
there is an unsurpassed demand for  
admittance this year, and appli-  
cations are more likely to meet with  
success if tendered in reasonable  
time.

### TO-DAY'S JEWELS

The owner of a pearl will be ex-  
ceptionally fortunate to-day, as this  
gem is a talisman. Fairness of face  
and form is promised the wearer of  
the pearl and that rare charm of man-  
ner which attracts friends and ac-  
quaintances alike.  
The emerald presides over the destiny  
of those whose birth anniversary falls  
on the 18th. This gem represents the hope  
and the future. It is the gem of the  
future, and as long as it is worn,  
ancient legends promise that, even in  
the darkest hours, there will be much  
to look forward to.  
White is selected by Oriental super-  
stition for wear on this day. To ob-  
serve it, is to bring upon one's self un-  
expected happiness and a change for  
the better.  
Smaragd is significant on this day. Its  
presence in the home is said to mean  
constancy; for that reason it is par-  
ticularly lucky as a decoration at a wedding.

## Social Personal

Miss Mona Mischel, the popular  
young Victoria singer, who left for  
the East some months ago, is achiev-  
ing considerable success as principal  
boy in the pantomime "Babes in the  
Wood," which is being presented in  
the leading eastern cities. For pro-  
fessional purposes Miss Mischel has  
taken the name of Miss Mona War-  
ren, and the following item from The  
Toronto Globe will be of interest to  
many Victorians: "People from East  
and West renewed many a delightful  
association at Mrs. G. J. Hyndman's  
home in Highview Crescent yester-  
day afternoon, when she entertained  
at tea in honor of her niece, Miss  
Mona Warren, of Victoria, B. C., the  
charming and youthful leading lady  
with the 'Babes in the Wood' pan-  
tomime at the Grand Opera House.  
Mrs. William Foster poured tea, and  
Miss Alleen Hyndman, Miss Fern  
Hyndman, Miss Ruth Humphrey,  
Miss Shirley Saul and Mrs. A. E.  
Fraser were most attentive assistants.  
It was a particular delight to all to  
hear Miss Warren sing. Among  
those present were Mrs. J. Macdon-  
ald Fahey, of Victoria, B. C.; Mrs. J.  
Turner and Miss Turner, of Nelson,  
B. C.; Mrs. Booth, of Victoria, B. C.;  
Mrs. J. C. Saul, Mrs. B. D. Humphrey,  
Miss Lena Denn, of Victoria, Miss  
Kennedy, Mrs. Rickson, of Trenton,  
Mrs. Macdonald, Miss Barnes, Mrs.  
Thomas Symington and Miss Cox."

Among the Vancouver theatre-  
goers who are coming over for the  
performance of "Chu Chin Chow"  
this week will be Mr. and Mrs. A. L.  
Russell, Miss Sheila Russell, Mr. and  
Mrs. Hendrie Leggat, Mr. and Mrs.  
John Burns, Mr. and Mrs. C. C. Cator,

row, and Miss Audrey Murray.

Under the auspices of the North  
and South British Agricultural Society a  
masquerade dance will be held in the  
Agricultural Hall, Saanichton, on  
Friday, November 12. Perry's orchestra  
has been engaged for the occasion,  
and the catering will be in the hands  
of the Saanichton Athletic Associa-  
tion. The interest aroused in the event  
suggests that it will be one of the  
most successful affairs ever held in  
the district.

Complimentary to Miss Connie  
Skuce, who left on the S.S. President  
on Saturday with her mother, en route  
for Santa Rosa, California, Miss  
Winnie Ross, daughter of Mr. and  
Mrs. H. J. Young, entertained at a  
"farewell" dance on Friday evening  
at her home, 459 Quebec Street. About  
twenty-five guests were invited and  
danced until midnight. Delicious re-  
freshments were served during the  
evening.

At his own residence, Broadbaird,  
1185 Port Street, the Rev. Dr. Camp-  
bell officiated at the marriage of  
John "Traffic" Ford and Mrs. Hilda

Numerous stalls for the sale of fas-  
cinating fancy work, baby wear, home  
cooking, candy, aprons and other  
articles will be found at the bazaar.  
In the afternoon, the general arrange-  
ments for which are in the capable  
hands of Mrs. Hutchison. Delicious  
afternoon tea will be served at the  
daintily decorated tables.  
In the evening, a variety of dancing  
will find an excellent floor and ex-  
cellent music to lure them to their  
favorite pastime, while the pleasure  
of the occasion will be augmented by  
vocal selections by two popular sing-  
ers, Harry Pooley and Lieut. R.  
H. Webb.

The whole of the proceeds of the  
dual event will be devoted to the  
chapter's splendid work—a work  
which is so familiar to the public and  
the returned soldiers as to render  
further comment unnecessary.

Modern Ananias—Under the aus-  
pices of A. O. U. W. Western Star,  
Lodge No. 7, the Western Star-Dra-  
matic Club will put on a comedy  
"Modern Ananias" Thursday and  
Friday, November 11 and 12. Fri-  
day night's performance will be fol-  
lowed by a dance. The above club  
has in the past presented some good  
and laughable performances, but "Mod-  
ern Ananias" will put all past perfor-  
mances in the shade. The committee  
have made all arrangements and as-  
sure a good laugh, refreshments and  
dancing to good music.

Entire costumes of white—not a  
thread of color—are very distinguish-  
ed.

It is even suggested that shawls  
may be revived, especially those of  
hand embroidered crepe.

## WOMEN'S COUNCIL CONSIDER WIDE RANGE OF TOPICS

Vivisection, Film Censorship,  
Boys' Organizations Dis-  
cussed at Meeting

The annual sale of work of the  
Court Maple Leaf, A.O.F., was held  
yesterday in the A.O.F. Hall with  
conspicuous success. The function  
was opened by Mrs. R. S. Day at 2:30  
o'clock, who referred in fitting terms  
to the motto of the order, "Unity,  
Benevolence and Concord," wishing  
the Court Maple Leaf every success  
in their undertaking. Mrs. Day was  
presented by the order with a magni-  
ficent bouquet of flowers at the con-  
clusion of her address, which were  
placed in the colors of the organiza-  
tion, scarlet, gold and Lincoln green.  
The stalls were tastefully arranged  
and presented a very attractive ap-  
pearance being decorated in the colors  
of the order, and displaying a num-  
ber of novel wares. The fancy work  
was in the hands of Mesdames  
Green and Jarvis, the apron stall  
was in the care of Mrs. Monk, Mrs.  
Anker and Miss Wagg presided over  
the baby stall, while Mrs. Fenerty  
and Miss McDowell looked after the  
home cooking. Mrs. Buckley foretold  
the future in rosy forecasts for her  
many clients.

The net proceeds of the bazaar ac-  
cumulated some \$200 for the order,  
the various articles on display dis-  
appearing to eager customers with  
startling rapidity. Ridgards' or-  
chestra was in attendance and during  
the evening a buffet supper was  
served under the capable manage-  
ment of Mesdames McIntosh, Flett  
and Nunn, while the last named lady  
collected the tickets at the door.

Provincial President.  
The meeting extended a standing  
welcome to Mrs. C. De V. Schofield,  
who has just returned from England.  
Mrs. Schofield announced that Mrs.  
Neville Rolfe, secretary of the Na-  
tional Council for the Combating of  
and Miss McDowell looked after the  
home cooking. Mrs. Buckley foretold  
the future in rosy forecasts for her  
many clients.

Correspondence from the National  
Council of Women read at the meet-  
ing yesterday asked the Victoria lo-  
cal for a new nominee to succeed  
Mrs. Schofield as vice-president of  
the National, as she had been unable  
to accept office. Miss Crease, who  
was in the chair, pointed out that the  
Victoria Local Council had not nomi-  
nated Mrs. Schofield, as stated, "it  
being known at the time that she  
could not accept office owing to her  
pending visit to England. The nomi-  
nation of Mrs. S. D. Scott, of Van-  
couver, was endorsed by the Council.

Vivisection Discussed.  
Vivisection was the theme of a long  
discussion, Mrs. Gee reading a letter  
from her son, who is a medical stu-  
dent, stating that vivisection is neces-  
sary for the advancement of science. Miss  
Kittie contributed evidence to the  
contrary, based on the statements of  
eminent medical authorities through-  
out the world. Miss Crease termi-  
nated the discussion by saying that  
the Local Council, while deploring the  
suffering inflicted upon animals in  
the cause of science, were not in a  
position yet to say that vivisection  
should not be allowed.

The Cadet movement was pre-  
sented to the Council by Mrs. W. J.  
H. Holme and supported through-  
out the medium of a pamphlet forward-  
ed by Brigadier-General Ross, G. O. C.,  
who is an ardent supporter of the  
movement. The Local Council sent  
on record as supporting the move-  
ment in the schools. Mrs. Herchner  
in an able and interesting paper com-  
mended the Boy Scout movement to  
the meeting, and Mrs. Crease urged  
the representatives to carry the mat-  
ter before their affiliated societies  
for their support.

Girls' Club Moves.  
Miss Crease reported that the Girls'  
Club had removed its quarters from  
Fort Street to 1305 Stanley Avenue.  
She referred to the generous action  
of the South and West Saanich Wo-  
men's Institutes in supplying six  
hand-woven comforters for the club,  
and the secretary was instructed to  
convey the Council's thanks to the  
organizers of the "wool-carding bee"  
at which the comforters were woven.

Mrs. R. B. McMicking called the  
attention of the Council to the un-  
pleasant condition of the paths in Ross  
Bay cemetery, stating that the own-  
ers of graves had been assessed extra  
to pay for the upkeep of the paths  
but that nothing was done to keep  
them in decent condition. She wish-  
ed to know whether the care of the  
paths lay within the jurisdiction of  
the city or the owners of plots. Mrs.  
McMicking and Mrs. William Grant  
were appointed a committee to in-  
quire the City Council on the sub-  
ject and bring back information as  
to whether or not owners of plots  
were supposed to pay a certain sum  
annually for the care of the paths  
in addition to that paid for the care  
of the graves.

School Sanitation.  
Correspondence from the School  
Board reported that the matter of the  
alleged insanitary conditions at the  
Boys' Central School, complained of  
at the last general meeting of the  
Council, had been looked into fol-  
lowing the report by Trustee Mrs.  
Andrews who was present at the  
Council meeting. Attention was  
called to the fact that the drinking  
fountains in most of the recently-  
built schools of the city (including  
the High School) were in the lavato-  
ry.

On the matter of film censorship  
and the desirability of getting good  
films in the local houses, Miss  
Spencer, Mrs. Holmes and Miss  
Mark were appointed a committee to  
investigate conditions and report to  
the next meeting. A proposed wo-  
men's platform advanced by the Na-  
tional Council was laid on the table  
for consideration at the annual meet-  
ing.

For St. Matthias Church.—Under  
the auspices of the Women's Auxil-  
iary of St. Matthias Church a sale  
of work will be held to-morrow after-  
noon at from 3 till 6 o'clock, at the  
residence of Mrs. Fowler, 269 Fowl  
Bay Road. Mrs. Fowler will for-  
mally open the sale. Many attrac-  
tive booths have been arranged at  
which will be found articles suitable  
for Christmas gifts, one of the chief  
attractions being a stall devoted en-  
tirely to dressed dolls. During the  
afternoon tea will be served.

Garden Head Woman's Institute.—  
The monthly meeting of the Garden  
Head Women's Institute will be held  
in the hall to-morrow afternoon at  
5:30. A report on the recent wool-  
carding bee will be given, and a  
large number of articles of paper  
work will be given by Mrs. Thos.  
Todd. All who are interested in the  
commencement of dressmaking  
classes are urged to be at the meet-  
ing. At the close of the business ses-  
sion refreshments will be served.

## ARMISTICE DAY COMMORATED BY KIWANIS CLUB

Col. G. A. Wells and Col. Ross Napier Speak on Mons and Soldier Ideals

The weekly luncheon of the Kiwanis Club held to-day at the Dominion Hotel took the nature of a commemoration of the Armistice, when two addresses by prominent returned men were heard from Col. G. A. Wells, C.M.G., and Col. R. Ross Napier, respectively. Entertainment was in the hands of returned soldiers of the club, with Col. Ross Napier in the chair, who provided a thoroughly live and novel form of entertainment for the noon-day gathering.

Col. G. A. Wells spoke on the "Significance of Mons," and in a short, clear-cut address stressed the fact that important engagement had been to the morale of the Allied forces in the long and hard struggles that followed. Col. Ross Napier, in an address, dealt with "Returned Citizens' Ideals," pointing out that the lessons learned by experience in the late war would be of the greatest benefit to the community if carried into effect in peace time.

After the luncheon—the assembly joined in singing two verses of the hymn, "Fight the Good Fight." Col. Ross Napier introduced Col. Wells as the fighting padre of the Second Canadian Division, the latter receiving a generous ovation.

**The Story of Mons.**

Col. Wells then opened his address on the Significance of Mons, which he stated might be divided into two actions, the first retreat of the Second British Army from Mons when the whole of civilization was at stake and the retreat of the defeated German army to Mons, when the Allied cause had been saved. In the first action the Second British Army bore the brunt of the terrific hardships, aided by the French cavalry divisions and the First British Army in the later days of the retreat.

Standing in the annals of British Army records for bravery was the rearguard actions of the troops composing the Second British Army, he stated, when men, given a chance to fight, fought until they were slain. In many cases entire detachments remained dead on the field after the rearguard actions that held up the German army long enough to permit of reinforcements coming up to save the situation.

The British Army—the "gallant little contemptibles"—had numbered but 80,000 to 100,000 at the opening of the engagement and had for the first time come to grips with the Germans in the first stages of the retreat from Mons on August 23, 1914. With the First Army in reserve, and their flank open, while the French retracing twelve hours ahead, the plight of the British Second Army had been terrible, he stated, and the actions they fought would last forever in the history of the Empire as the very exposition of bravery, cheerfulness and supreme sacrifice that would be unsurpassed anywhere in the record of the Empire.

Col. Wells recited briefly the line of retreat and gave incidents of the actual actions in which Gen. Smith-Dorrien had commanded the British Infantry and Gen. Allen the cavalry. The speaker stated that he wanted to take this opportunity of saying that in spite of the tales of horrible German brutality he had seen several instances where the dead from our forces had been cared for more carefully than even by our own troops. In many cases, Le Cateau among others, stated the speaker, British soldiers who had fallen in action were reverently buried with all care being taken to their graves by the enemy, who had in this and other cases raised monuments to the fallen British men.

**A Glorious Record.**

Speaking briefly of the first stages of the retreat Col. Wells stated that the Second Army had faced odds of five to one, and in the salient of Mons itself he left no doubt every man that composed their original number, who was given a chance to fight until they fell. The Guards were wiped out he stated, while some regiments escaped with less than 1,000 men of the 1,300 that comprised their strength. Of the latter stages of the retreat, Col. Wells stated that the First Army and French Cavalry had aided the sorely stricken Second Army, and the allied forces had made the first successful stand on the Cambrai line on September 2.

Sidelights of the retreat the speaker passed on lightly such as the blocking of roads by refugees, and the hardships endured by the allied troops without food or rest. Col. Wells closed his address by stating that the bravery, cheerfulness and sacrifice of the British troops in the retreat from Mons had stood out unsurpassed in the annals of the forces of the Empire.

When the beaten German army retreated to Mons later, he stated the Canadian Corps had passed over the very ground occupied by the Second British Army in the first action of the great war.

Col. Wells was accorded an ovation on the close of his address.

**Campaign of Calumny.**

Col. Ross Napier, who explained that for six years he had served with the Canadians overseas and in Canada, was then introduced to the gathering, and spoke on "The Psychology of the Citizen Soldier." He had been surprised, he stated, on his return to this country, to see signs of the propaganda of calumny that was directed against the energies of a small group of enemy workers against the returned soldier with the effect of trying to turn the minds of the civil population against the soldier who had fought for his country.

Nothing had been clearer, he stated, than the propaganda to discredit

the glorious work of the First Canadian Division, which he stated had been ably assisted by the endurance of Salisbury Plains and the second battle of Ypres, where these Canadian troops had surpassed all records for bravery, faithfulness and endurance.

The attitude of the returned citizen was one of idealism, he stated, and was not always understood, and also a small section of the returned men themselves had joined the propaganda of calumny and called down the condemnation of the country on the whole. Given a chance, he claimed, the returned soldier would bring the truth he had learned from the war into his peace time existence, be a force for good in the country and would play an important part in its development.

**Forthcoming Election.**

The entertainment this week was in the hands of the returned soldiers, a strong programme of music being rendered. The luncheon room was decorated with the Canadian flag, and a picture of a military burial at dawn in Flanders, President Graham told the gathering that next week would be an open meeting for the purpose of discussing the future activity of the club. The election of officers is to take place on December 14, when officials for the current term will be chosen.

## PROPOSE ORDINANCE REGULATE CABARETS AND GIVE CONTROL

Abolition of Liquor License Law Did Away With All Police Control

Arising out of the recent disclosures in cabaret and rooming house circles, the police have taken the authorities have called for the framing of a by-law to regulate cabarets. C. L. Harrison, City Prosecutor, has the project in hand, but to-day was not prepared to make any statement as to the measures to be adopted in this matter.

"Since the old liquor license law went out of effect, the police have had little control over these places," he stated. "Under the old system the license could be revoked for misconduct or other breach of the regulations, but now there is no such authority."

Mr. Harrison went on to explain his contention by stating that the situation in the less desirable section of rooming houses, and that class of accommodation was not ideal. There is a law that compels rooming houses and all classes of hotel buildings to leave main doors unlocked day and night. Yet stated Mr. Harrison, this is not being done generally in the city, and the police, while on their liquor investigations have often been held up thirty minutes, before doors have been opened to them. By that time, he stated, all the evidence that might have been found was safely cleared away. The new by-law is, however, to deal with the cabaret situation and will give the city absolute safeguards that cabarets will be run along regulated and orderly lines, to the elimination of much that has been occurring in the police court in this connection lately.

## OBITUARY RECORD

The remains of the late Mrs. Clara Swenney, who died at the residence, 513 Head Street, yesterday morning, will repose at the Sands Funeral Chapel until Thursday, November 11, at 1:30 o'clock, when the cortege will proceed to St. Andrew's Cathedral, where service will be held and interment made at Ross Bay Cemetery.

The funeral of the late Mrs. Martha Anne Gradwell, whose death occurred last Thursday at her home, 2841 Blackwood Street, took place yesterday afternoon, the cortege leaving the residence at 2:15 o'clock, proceeding to St. John's Church, where service was conducted at 2:30 o'clock by the Rev. E. A. P. Chadwick. The casket was hidden beneath a profusion of beautiful flowers, and the service was largely attended by relatives and friends. The following acted as pallbearers: S. Greenhalgh, T. Gough, P. Finlayson and L. Grey. Interment was made at Ross Bay Cemetery.

The death occurred Sunday at the isolation hospital of Ida Williams, aged thirteen years, a native of Victoria, and a ward of the Children's Aid Home, corner Vancouver and Rockland Avenues, her parents having predeceased her four years ago. The funeral will take place Wednesday morning at 10:30 from the Thomson Funeral Home, 1625 Quadra Street. Rev. J. J. Hall, Clayville officiating. Interment will be in Ross Bay Cemetery.

## TRYING SEASON OF THE YEAR

Sufferers From Rheumatism in Any Form Should Now Be on Their Guard

Be on your guard if you are suffering from rheumatism in any form. The chilly weather and wet season which now prevails on this coast is the period of the year which quickly develops this complaint. Unless you safeguard your system you may lay the foundation of a rheumatic attack which will lay you up for the Winter and possibly develop into an acute case.

For the treatment of rheumatism there is nothing equal to Wonder Health Restorer. It has given most effective relief in thousands of cases. Many of these being of an acute type where every form of drugs and special treatment had been tried without avail.

No person need be afraid to try Wonder Health Restorer. It is a pure herb remedy prepared according to the formula of one of the world's greatest herbalists. There is nothing in it but the concentrated extract of rare herbs, not a trace of alcohol or drug of any kind. Its action is directly on the blood, which the majority of scientists consider is the seat of rheumatic trouble. While the remedy is effective to the highest degree the cost of treatment is remarkably low, working out at only 15 cents per day for a month's treatment.

See your druggist about Wonder Health Restorer. Ask for the booklet, "The Road to Health" which tells all about it and gives personal letters from sufferers from rheumatism who have obtained relief through it. Wonder Health Restorer may be secured in Victoria at Ivo's Pharmacy, Merryfield & Dack (all stores), Clearhills Pharmacy, Relley's Drug Store and the Fernwood Pharmacy; in Esquimalt at Lang's Drug Store and at most drug stores on the Island. If your druggist can't supply you, send direct to the distributors, the W. Y. McCarter-Burr Co., Ltd., 444 Hillside Ave., Victoria (Phone 950).

## HON. JOHN HART

### NAILS FIRST CANARD

Affidavit of Civil Service Contradicts Religious Campaign Cry Against Him

The Hon. John Hart, after his speech dealing with the financial policy of the Oliver Government at the Liberal nominating Convention last evening, crossed and asked the attention of the audience.

"This is the first and last time I will refer to this subject during this campaign," said Hon. Mr. Hart. "Already against me there has been a great deal of propaganda, cheap politics and hitting under the belt, which was used against me in the last election."

"The story is being spread around the city that it elected only men and women of a certain religious persuasion would get positions in the Government. Now it is being used against me again."

Hon. Mr. Hart presented the sworn affidavit made and signed by the assistant to the Civil Service Commission, of B. C., which affirms that he has served over the personnel of all the offices of the Department of Finance in the Provincial Government, including the Bureau of Information, and found sixty male and fourteen female employees.

"I have made a personal careful investigation, and out of the said seventy-four employees in the said Department, I find that one man at present employed in the assessor's office, one stenographer employed in the Treasury Department, and one stenographer employed in the audit office, profess the Catholic religion," the commissioner swore.

"One of these two stenographers of the same religious persuasion as myself was in the office before I went there," said Hon. Mr. Hart after reading part of the affidavit. "I did not even know or bother about the religious views of any of the employees in my department."

"Other propaganda you will hear about me will be just as far from the truth as this."

The affidavit has been placed with W. M. Ivel, president of the Victoria Liberal Association, for public inspection.

## WILL OPEN FOURTH CLASS ROOM AT CEDAR HILL SCHOOL

Saanich Trustees Abandon Plan to Transport Children to Gordon Head

The Saanich School Trustees, at their meeting at Royal Oak last night, abandoned the plan to transport the children of the Cadboro Bay district to the Gordon Head school, decided upon at the last session, and instead will utilize the hitherto unused fourth room at the Cedar Hill school. Secretary Cowper was instructed to get this room in readiness as soon as possible, and it is expected that it will be occupied by next Monday.

**Dual Classes.**

Overcrowding at Cloverdale school induced the Saanich School Trustees to institute in that school the double shift system for two of the junior classes, which will alternate in occupation of the basement classroom. The Board decided to allow the use of the various schools for political meetings, provided there be no smoking at such gatherings, and that a fair hearing was allowed to all those desiring to speak.

**School Gardening.**

A committee of the Trustees will ask J. W. Gibson, Director of Elementary Agricultural Education, to meet them at an early date and go thoroughly into all the aspects of school gardening. The condition of the grounds of the various schools having been brought before the Board, it was decided that the Trustees should each consider ways to improve matters. The idea is that the pupils and teachers of each of the schools shall undertake the work on a prepared plan, doing a portion of the work each year, at practically no cost to the Board. The Trustees were informed that the scheme had worked with remarkable success at the Lamson Street school in Esquimalt, and would put an end to the present yearly deterioration in the appearance of the grounds.

## PRICE OF GASOLINE REDUCED IN BRITAIN

Washington, Nov. 5.—"Over-production" in the United States is the reason assigned by British oil companies for an unexpected reduction of six cents a gallon in the price of gasoline in Great Britain after a sudden increase of fourteen cents a gallon in August, according to advices from the American Chamber of Commerce in London to-day.

British consumers, however, the Chamber reported, attribute the slump to the investigation of the Central Profiteering Committee into the increase in price.

## EARTH TREMORS ARE FELT AT PORTLAND

Portland, Ore., Nov. 5.—Pictures were shaken and loose objects slightly moved by an earthquake at 12:15 here last night. Many persons to-day report they had felt six tremors, distinct though light, with an east to west movement.

Astoria, Ore., Nov. 5.—A number of Astoria citizens reported to-day they felt what they believed an earthquake about midnight last night. No damage was reported.

## MEXICO CITY AND VERA CRUZ TRAINS STOPPED BY STRIKE

Mexico City, Nov. 5.—Trains between Mexico City and Vera Cruz did not operate yesterday, owing to the general strike in Vera Cruz, where all industries are tied up. Workers in several cities will hold meetings soon to discuss a sympathetic strike.

## BRITISH DID NOT SEIZE S.S. ANCONA

London, Nov. 5.—It. Hon. Andrew Bonar Law stated in the House of Commons that the British had not seized the Italian steamship Ancona as reported on October 23 in a Moscow dispatch to The London Daily Herald. Labor organ. The vessel, he said, was merely stopped at Batum awaiting orders respecting the discharge of her cargo.

## S. S. City of Victoria Built in Record Time

Vancouver, B. C., Nov. 9.—After scanning the accomplishments of the shipyards of Canada, the United States and Great Britain in producing vessels of the same size and class, Works Manager A. T. Hiefield, of the Coughlin Shipyards, is ready to claim that a world record was set by the yard in production of the \$3,600-ton steel freighter City of Victoria which took the water of False Creek last week. The City of Victoria was 98 per cent. completed in sixty-six working days of eight hours or 528 hours.

**Claim Record.**  
The Columbia River shipyards of Portland built a similar vessel for the United States Shipping Board in twenty-seven days, but 518 hours were worked in that time. The Northwest Steel Company turned out another in thirty-seven days at Portland, but there was 596 hours' work on her when she was launched. Seattle shipyards, during the war, set similar records in days, but so far as is known no other shipyard on this coast has built an 8,800-tonner in as few as 528 hours. A further check on the efficiency of the Coughlin plant would be obtained by a comparison with the total number of hours worked by all craftsmen, but Mr. Hiefield, after experience in many of the record-breaking yards, is emphatic that in one of them had such a record been approached with a working crew as small as that employed on the City of Victoria.

**Virtually Complete.**  
When the City of Victoria was launched, she was practically completed. There were less than 700 rivets to drive, all of them in the boiler settings, "he engine was installed and the boilers were ready to be hoisted aboard when the vessel was brought alongside the fitting-out berth. Joinery work re-

quired a few touches, there was a little painting to do, furnishings to install. Boats and deck gear were in place, but the funnel awaited the installation of the boilers.

"The Coughlin yard is the best equipped plant for the production of freight ships on the Pacific Coast," said Mr. Hiefield in commenting on the City of Victoria. "In fact it is the best I have ever seen for vessels up to 10,000 and 12,000 tons."

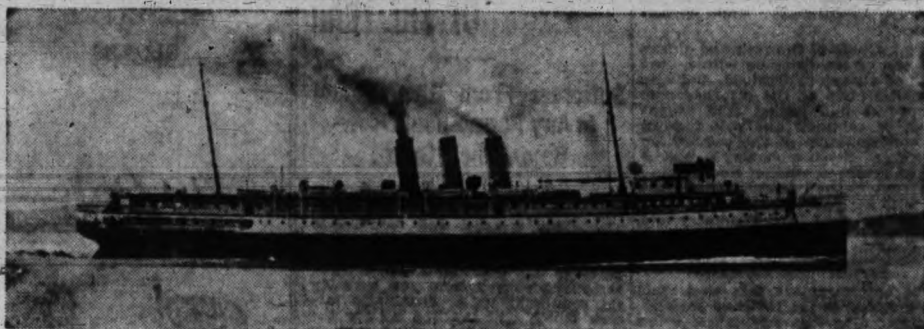

**Belfast Performance.**  
Mr. Hiefield pointed out that the best performance of the armoured Hurland and Wolf plant at Belfast for an 8,800-tonner during the war was 110 days or 880 hours.

Mr. Hiefield is an American who has been building ships for thirty-three years, beginning at the age of fifteen in Bay City, Michigan, where he absorbed the construction of lake ships. He came to the Pacific Coast in 1926 and joined the Union Iron Works staff in San Francisco. There he had charge of the building of the cruiser Milwaukee and many other naval and merchant ships. He then became superintendent of the Moore & Scott yards at Oakland, and following that was superintendent of the Northwest Steel Company's plant at Portland. From there he came to Vancouver, and he has been works manager of the Coughlin shipyards since last March. Under his direction the firm of J. Coughlin & Sons, Ltd., have built five boats, the City of Vancouver, City of Victoria and Indus, 8,800-tonners, and the Canadian Prospector and Canadian Inventor, 3,400-tonners or the Canadian government merchant marine.

### PROSPECTOR RETURNS FROM AUSTRALASIA

Vancouver, Nov. 9.—Thirty days out of Auckland, the freighter Canadian Prospector, Capt. Hilton, reached port late yesterday afternoon and tied up at the Government dock. She brought about 4,000 tons of cargo, consisting of hemp, hides, wool and general merchandise. Capt. Hilton reported a fine voyage with no mishaps. On board the ship was I. Tate, superintendent of engineers for the Canadian Government Merchant Marine, to which fleet the Prospector belongs. He met the vessel at Victoria and came across the Gulf on her to inspect her engines. On her last outbound trip the Prospector sustained a blaze in her bunkers. The fire was quickly extinguished, and no loss was sustained with the exception of a little coal. Prospector will go on berth about the last of the week to load lumber and general cargo for her return voyage to Australia.

Vancouver, Nov. 9.—The C.P.R. trans-Pacific liner Empress of Russia, Captain Robinson, got as far as English Bay in her voyage from Yokohama to Vancouver at 5 o'clock last evening, and there she remained until this morning, for the fog was thick in the Narrows. She docked this morning.

### MAKING ARRANGEMENTS TO COMPLETE STEAMERS

Newman Erb, president of the Prince Rupert Shipbuilding Company, according to Vancouver advices, has wired the creditors of the company that he expects to complete arrangements with the Minister of Marine at Ottawa within the next few days whereby the vessels now under construction at Prince Rupert will be completed.

## Canadian Pacific Line Plans to Re-convert Ships to Burn Coal

**Precarious Condition of Oil Fuel Situation Subject of Conference This Forenoon Between C. P. R. Vice-President D. C. Coleman and Captain J. W. Troup.**

Owing to the seriousness of the fuel oil situation on the Pacific Coast the Canadian Pacific Railway will be compelled to re-convert the steamships of its coastwise fleet back to coal burners. This is a question that was discussed and virtually decided upon, it is understood, at a conference this forenoon between D. C. Coleman, vice-president of C. P. R. Western Lines, and Captain J. W. Troup, manager of the B.C. Coast Steamship Service. The re-conversion of the company's steamships from oil to coal will, in all probability, be commenced early next year, but nothing definite regarding this possibility is as yet available.

### RACED FOR PORT WITH HOLD ABLAZE

San Francisco, Nov. 9.—With fires in the hold of the 2,600-ton Pacific Mail liner Newport, Captain George Mackinnon, sped 150 miles to the nearest port of Corinto, Nicaragua, while for thirty-six hours the crew fought the blaze secretly to avoid panic among the passengers, most of whom were women and children. It became known when the Newport arrived from Christobel.

The fire was reported extinguished shortly after arrival in Corinto, it was said, but reappeared two hours later and was put out. The origin of the fire which is unknown, delayed the Newport twelve days.

The fuel oil situation is admittedly precarious and the indications are that several of the company's passenger ferries, if not all, will be altered for the consumption of coal. The only ships of the fleet now burning coal are the Princess Royal, Princess Beatrice, Otter and three of the company's tugboats.

**New Terminals.**  
Another important matter that will come up for consideration while Mr. Coleman is visiting here will be the plan for the construction of the new marine terminals on the site of the C. P. R. building on Belleville Street. It was the announced intention of the company to go ahead with this project as soon as the rush travel season was over.

**Winter Travel.**  
Mr. Coleman came here from Winnipeg. He predicts considerable travel to the coast this winter.

"This is the best autumn that the prairies have seen for many years," said Mr. Coleman, "and it is for this reason that the farmers have delayed their winter visits to the coast. When I left they were still sowing, discing and harrowing, so that there are splendid chances for an unusually large crop next year. In the very near future, however, we expect a great rush of prairie people to the coast to spend the winter, largely because of the exchange conditions existing with the United States. Those who formerly wintered in California have decided to come to British Columbia on account of the saving they thus effect and also on account of the fact that California is very crowded this winter."

The western vice-president of the C. P. R. is accompanied by a distinguished party, including: Andrew Kelly, of Winnipeg, president of the Western Canada Flour Mills; George P. Galt, of Winnipeg, who is a director of the Hudson's Bay Company, besides being interested in other large concerns; George Allan, M.P. for South Winnipeg, director of the Bank of Commerce and also of the Hudson's Bay Company; Major George Whitmore, of Regina, and G. H. Sugden.

### MINERS AND DOMESTICS ARRIVE ON MEGANTIC

Montreal, Nov. 8.—The Megantic, of the White Star-Dominion Line, docked here yesterday. She brought 140 passengers, including a party of 110 miners from Cornwall, Ont., bound for the mines of Northern Ontario, and another of 50 girls, almost all from Scotland, who are going to Saskatchewan as domestics.

### SALVAGE BARGE SENT TO REPAIR TUGBOAT

Vancouver, B. C., Nov. 9.—A salvage barge has been sent to Alert Bay by the Vancouver Dredging and Salvage Company to repair the tugboat Prosperity. Practically no details are at hand concerning the accident, other than that she went ashore on Sunday evening near Alert Bay. She is now in a broken stern position. She is owned and operated by the B. W. D. Towboat Company of this city.

## ROYAL IN COLLISION SLIGHTLY DAMAGED

Part of Rail Carried Away When Barge Louisiana Bumped Into Her

On her last voyage north from Vancouver the C. P. R. steamship Princess Royal suffered damage to her starboard rail through collision with the barge Louisiana, in tow of the steamer Marmion.

The Princess Royal was north-bound and the Marmion, with the Louisiana, laden with concentrates from Anyox, southbound, when the mishap occurred.

The collision occurred in Granville Channel and during a dense fog. In attempting to avoid impact with the Princess Royal the Marmion sheered off, and the Louisiana, becoming temporarily unmanageable, smashed up against the starboard side of the Royal, tearing away part of the vessel's rail.

The Princess Royal is now at Vancouver and on the completion of her next voyage North will again be replaced by the steamer Princess Beatrice. The Beatrice has been overhauling here and during her absence from the northern British Columbia route her sailings were taken by the Princess Royal.

The Marmion and Louisiana are owned by the British Columbia Navigation Company, of Seattle, and are operated between Puget Sound and Anyox.

## TEUCER WILL HANDLE CEMENT FOR ORIENT

Holt Ship Due Here Nov. 17; Tyndareus Not Coming to Load

Returning to this route after a lengthy absence, the Blue Funnel liner Teucer is expected to reach Victoria November 17 with cargo from the Far East.

It has been arranged that the Teucer will make a return trip here to load the 40,000 sacks of cement originally destined for the liner Tyndareus. The cement shipment is part of a large movement of this material which during the past few months has been consigned to the Orient by the British Columbia Cement Company. The Tyndareus was scheduled to arrive at the Government docks to-day to load, but arrangements have since been made for the Teucer to handle the freight.

After landing Chinese, part freight and mails here November 17, Teucer will shift to Seattle and later to Vancouver, returning to this port November 25 to load cement.

When she clears from Seattle for sea the Tyndareus will touch at the Outer Docks to take on Chinese passengers and mails for the Orient.

## DOPING A COLD DOESN'T CURE IT

The average cough mixture doesn't cure a cold—it "dopes" it, or, in other words, temporarily holds it down, and bottle after bottle must be taken before a cure is effected.

Meantime you must suffer, and your poor stomach be burdened by the indigestion that invariably follows continual dosing with cough syrups.

If your bowels were kept open and the eliminating organs stimulated your cold would soon disappear.

Dr. Hamilton found that his Mandrake and Butternut Pills were more valuable in colds than any cough cure.

While you sleep at night they enliven the kidneys, liver and bowels, and thereby carry off the cold and all its evil effects.

Instead of deadening the stomach like cough cures, Dr. Hamilton's Pills afford this organ the greatest assistance by giving it tone, strength and healthy action.

One or two pills is sufficient. Take them just before retiring.

Next morning you feel like new. The cold is broken up, your system regulated and cleansed and no time lost.

The use of Dr. Hamilton's Pills for colds, coughs and rheumatic-like is popular because efficient. Get some to-day, 50c per box or five boxes for \$2.00, at all dealers, and refuse a substitute.

## The Quality that Wears

You and your rubbers have got to be close friends all winter. Whether or not you get foot comfort and long wear out of the rubbers, depends on the kind of rubbers you buy.

## Dominion Rubber System Rubbers

WILL BE EASY AND COMFORTABLE BECAUSE YOU CAN GET THE EXACT SIZE AND SHAPE to fit perfectly every pair of shoes you wear.

They will prove a real economy, too, because they have the quality of materials and workmanship that will give long and satisfactory wear.

Have all your shoes fitted with rubbers—old shoes as well as new ones—then you can use your old shoes for every-day wear in bad weather.

DOMINION RUBBER SYSTEM RUBBERS make shoes waterproof; insure dry feet on wet days; protect you against catching cold; and prevent you from slipping on wet, icy sidewalks.

**BRIEF LOCALS**

**Gorge Park.**—Recommendations recently adopted by the Victoria West Brotherhood for the improvement of Gorge Park were before the City Council last evening, and will receive attention of the proper officials.

**Vital Statistics.**—There were 1,171 births, 595 deaths, and 500 marriages in the city during the ten months ending October 31. Dr. A. G. Price, City Health Officer, reported to the City Council last evening. Of these 110 births, 37 deaths, and 41 marriages occurred in October.

**Navy League Chapter.**—The Navy League Chapter, I. O. D. E., will hold its regular monthly meeting on Friday, November 12, in the headquarters, Jones Building. At the close of the business session tea will be served, and it is hoped there will be a big attendance of members.

**Women's Independent League.**—The Women's Independent Political League will meet in the Victoria Club on Friday evening, November 12, at 8 o'clock, when matters of interest in connection with the forthcoming election will be discussed. It is hoped there will be a good attendance of members.

**Goats Kill Chickens.**—Hearing a terrific disturbance and noise this morning in the Burleigh district, some passersby investigated and found that two white goats had become annoyed at the installation of several chickens in trespassing within the reach of their teeth, and had slain the poultry.

**Balmoral Road.**—To the chairman of the Streets Committee and the City Engineer the City Council last evening referred the complaint lodged by A. B. Fraser, and twenty-seven others regarding the condition of Balmoral Road, which was said to be more like a country lane than a city street.

**Sale of Down Town Premises.**—While deferring action upon the proposed sale of the former Victoria Transfer Company's premises, now Plimley's Garage to J. S. H. Matson, the City Council last evening directed the controller to collect the rent for the premises to date, it being stated that rent had been paid to July 31. The matter will be taken up when three aldermen who were absent are again in their places.

**Stefansson Lecture.**—Vithaljiur Stefansson, the famous Arctic explorer, is to give an address on his experiences in the Far North at the Empress Hotel on Saturday evening, November 13. Personal narratives are always interesting and Stefansson's experiences, like his methods of exploration, were unique, and he has a happy knack of describing them in a most entertaining manner. Carveth Wells, the Malay explorer, will occupy the chair.

**Direct Parcel Post With Argentina.**—Arrangements have been made whereby parcels may be forwarded direct to the Argentine Republic in addition to the present service via the United Kingdom. The rate of postage will be twelve cents for each pound or fraction thereof, and the limit of weight eleven pounds. The service will be monthly and will go into effect with the first sailing in November, which will be that of the Canadian Steamer sailing from Montreal on or about November 15.

**Truck Struck Twice.**—Something in the nature of an automobile carom off the cushion occurred at 9 a. m. this morning when a truck belonging to Joseph Heaney was struck by a street car near the Tannery on Bay Street, which caused the truck to swerve around into a truck driven by R. Strong, belonging to R. Loughney. The damaged truck was carrying angle iron that projected, and in being struck by the street car became out of control for the moment. The last truck struck sustained a bent axle in the resulting collision.

**Gates Still Missing.**—The result of the "Halloween" practice of transplanting gates is still being found by the police. With a report of one gate actually missing the department was surprised to hear from a lady that three spare gates had been left at her property and as her grounds had its regular allotment of gates, the three spares were not necessary to complete the establishment. Two gates therefore, so far unreported, have been found by the police, and the owners are requested to inquire for them. The one still missing is a buff colored gate of large size.

**Swimming Pool Damaged.**—As a result of some structural error in the initial setting of the tiles, some 200 feet fell in over the week-end. As a consequence the tank has been put out of operation, and is now in the hands of four men who are attempting to rectify the error.

**NEWS AND NOTES OF THE MINES**

**Franklin Camp.**

Diamond-drilling at the Franklin camp, under the direction of Philip B. Freeland, district engineer, has been suspended for the season, the contractor realizing that it would be impossible to carry on the work profitably during the winter. A total of 2,888 feet has been drilled during the season, most of the work having been done on the Gloucester group of claims.

**Anthracite Production and Distribution.**

After a Spring and Summer which have presented unusual difficulties in the production and transportation of coal, some of them being beyond the control of both the mine workers and the mine owners, the anthracite industry seems to be settling down into more stable conditions, says the Anthracite Bureau of Information. Current production is well up to normal, and distribution from the mines is proceeding without the interruptions, mainly due to strikes, earlier in the year.

**Random Gold Output Smaller.**

The output of gold at the mines of the Rand in September amounted to 882,173 fine ounces, compared with 762,863 fine ounces in August and 736,060 fine ounces in July. The average a year ago the total was 698,558 fine ounces.

**H. B. Robertson Claims Farm Animals Must Be Under Guard on Roads**

The recent killing of Joseph Robinson's cow at the Thomas Crossing by a Spanish Interurban electric train resulted in four lawyers arguing all morning before Judge Lamman to-day, when Mr. Robinson sued the H. C. Electric for the value of the animal.

Albert Robinson, twelve years old, son of Joseph Robinson, was herding three of the family's cows home one evening when an electric freight train came along unattended. He swore that there was no whistle or gong blown or sounded by the train as it came to the crossing.

Charles Francis, John Hine and Fred Albert Ricketts testified to conditions at the railway crossing, the brush that obstructs the view, and the value of the cow, which they all said was around \$200.

H. B. Robertson, instructed by A. D. King, solicitor for the H. C. Electric, claimed that under the Railway Act pigs, sheep, horses and cows are not allowed on a highway within half a mile of a railway crossing unless they are in charge of a competent person. In case animals not so guarded are killed the owner has no claim for damages. Mr. Robertson said that young Robinson was not a boy competent to herd cows across a railway track.

C. L. Fillmore, of Vancouver, assisted by J. R. McIlre, claimed that young Robinson was competent, and he quoted cases to show that the cow-herding of the boy was quite in accordance with the law.

The first I knew of it was when I felt the emergency signal," Cleaton Harold Ross, conductor of the train, swore. "I looked up and saw a cow in the middle of the cattle guard, and we hit that cow, knocking her into the ditch."

Ricardo Millar, motorman, on the train, gave other details of hitting the cow and watching the mangled body of the animal glide off into the ditch at the side. He also saw the young boy start to run from the scene.

The judge reserved his decision.

**HON. GEORGE FOWLDS ARRIVED TO-DAY**

Well-known New Zealand Politician Will Be Guest of Henry George Association

Hon. George Fowlds, C.B.E., who will speak at the Dominion Hotel at a luncheon to-morrow at noon for the Henry George Association, arrived this afternoon, and is a guest of Mrs. George Bell, Linden avenue.

Mr. Fowlds is a native of Yorkshire. He was born in 1860. His father, the late Mr. Fowlds, was a weaver, who celebrated his centenary in 1906. Mr. Fowlds traveling to Scotland to be present at the centenary celebration, which it is somewhat interesting to remember, were also attended by Mr. Joseph Ward. He was visiting Rome in connection with the Postal Congress of 1908, and found time to proceed to Kilmarnock to pay his respects to the old gentleman, and to assure him of the esteem in which his son was held in the country of his adoption.

Mr. Fowlds was also for several years a member of the Mount Albert Road Board, and in 1909 stepped into the larger sphere of political life, standing as one of the candidates for Auckland City, which then returned three members to Parliament. At that time he was known as an earnest advocate of Single Tax principles, and his reputation of good character and action on that score. He was, however, returned to the House as one of the representatives of the city, polling 5,604 votes, or 840 more than the next successful candidate. He soon made his mark in Parliament, and came to be recognized as one of the leading members of the House.

In 1902 he stood for Grey Lynn, which had been created out of the old city electorates, and was, on the occasion, opposed by the late T. T. Massfield, whom he defeated by 118 votes. Again in 1905, when Mr. Fowlds sought re-election, he was opposed by J. Farrell, the then Mayor of Grey Lynn, who stood in the Opposition interest. On that occasion Mr. Fowlds was elected by a majority of 248 votes, and when Sir Joseph Ward accepted office as Prime Minister in August, 1906, consequently the death of Mr. Seddon, and the retirement of Mr. Hall-Jones from the position he had temporarily oc-

cupied as Mr. Seddon's successor, during Sir Joseph's absence from the country, the member for Grey Lynn was offered, and accepted, the portfolios of Education and Public Health in the new Administration.

During his term of office as Minister for Education and other portfolios, Mr. Fowlds took a foremost position in New Zealand politics. Of late years he has held important positions, and represented New Zealand abroad.

**TELL HOW ENGINE RAN OVER MOTOR**

**Court Hears How One Man Was Killed at Island Highway Crossing**

The method by which the engine of a freight train on the E. & N. Railway smashed the automobile of Henry Edwin Allen, of Nanaimo, at a crossing on the Island Highway near Wellington and threw four men out and killed one, is being described to Mr. Justice Macdonald in the Supreme Court to-day by nearly two dozen witnesses with the assistance of several lawyers, in Mr. Allen's damage suit against the Railway Company.

Mr. Allen went in the box and swore that coming back to Nanaimo from Grant's mine, they had come up the hill near Wellington and were twenty-five feet from the track when he yelled to the others:

"My God, the train."

"My boy, who was driving the car, put on the brakes, and threw the car to the side of the road, but the engine struck the front wheel and we were thrown out," Mr. Allen swore. "I do not remember any more."

Edward John Robert Allen, the son, swore that Mr. McKee never rallied from the shock of being thrown out of the car and died two days later from a fractured skull.

William Storey, carpenter, who was riding in the car, told the court how Mr. McKee just before the engine hit the car and knocked him into his final unconsciousness, had exclaimed: "I am enjoying this ride more than any ride for two weeks."

F. A. McDiarmid, of Vancouver, as sister by Neil H. McDiarmid, of Nanaimo, for Mr. Allen claims that the E. & N. train was going too fast and that the company had allowed underbrush and small trees to grow to an excessive height, obstructing the view of the highway at the crossing.

J. E. McMullen, of Vancouver, counsel of the C. P. R., claims that the accident to the motorists was "due to not keeping a proper lookout when approaching the crossing, driving too fast, not keeping the motor under control and not having the brakes in good order."

The case is going on this afternoon.

## RIVAL BASEBALL FACTIONS HAVE REFUSED TO PATCH UP BREACH AND ARE PREPARING FOR WAR

**New National League Agrees to Lasker Plan But Ban Johnson and His "Loyal Five" Decided to Stay Out; Both Sides Looking For Allies; Minors Expected to Resent Overtures.**

Chicago, Nov. 9.—With the major leagues engaged in a baseball war, declared yesterday, both sides to-day were making strong efforts to obtain allies and munitions.

The eight National League clubs and three American League clubs, New York, Boston and Chicago, having formed the "new National League," which is to be a twelve-club circuit, to-day awaited word from Federal Judge K. M. Landis, to whom last night they tendered the chairmanship of a new baseball board of control at a salary of \$50,000 a year. Judge Landis said he felt honored by the offer and asked time to consider it.

**After the Minors.**  
R. B. Johnson, president of the American League, five of whose clubs, Cleveland, Washington, Detroit, Philadelphia and St. Louis, have supported him loyally in all baseball disputes, left last night for Kansas City, where the minor league clubs were to meet to-day. Johnson was expected to use his influence with the minors to reject the civilian board of control as he and his five American League supporters had done.

The new board of control, to be composed of three prominent men not financially interested in baseball has been known as the "Lasker plan" because it was proposed by A. D. Lasker, a director in the Chicago National League club.

### Reason For Staying Out.

President Johnson and his loyal supporters, oppose the plan of taking control out of the hands of the men who have invested their money and time in the game.

All parties agreed, however, that some form of re-organization of baseball was necessary as a result of the Grand Jury exposure of the crookedness in connection with the 1919 world series.

### Looking For Umpires.

Having definitely adopted the Lasker plan and a twelve-club circuit, President Johnson and his loyal supporters, are looking for umpires. The National League, who also will head the "new National League," and Hank O'Day, veteran umpire, conferred to-day regarding umpires for the new league.

The "new National" sent a delegation to Kansas City to invite the minor leagues to come into the Lasker plan. The minors were to be invited to name an associate member of the new board of control which is to be composed of three members. The chairman's term will be for seven years.

### Going Into Their Lair.

It was announced that the twelfth member of the new league would not be a city now in any minor league circuit. It was said a club would be placed in one of the five "loyal" American League cities.

The American League was said to plan installing new clubs in Chicago, New York and Boston. That would give each of those cities three major league clubs.

### War Will Be Costly.

The situation under a baseball war would be similar to that of 1914-16.

## Hudson Bay Dog Derby Race Now Draws Attention

The Pas, Man., Nov. 9.—(By Canadian Press).—With the advent of cold weather the Hudson Bay Dog Derby is again a topic for discussion in the North country and many suggestions for the betterment of the 1921 Derby are being brought forward.

The race, which will likely be held early in March, will be for a purse of \$2,500 if a suggestion to increase it to this sum is approved at the annual meeting of the members of the Derby to be held shortly. This purse is not considered too high in view of the heavy expense incurred in maintaining and preparing a dog team for racing. The dogs are very expensive, last Spring pups selling at \$200 for five, and full grown and trained animals from \$75 to \$100 each.

### Open to World.

It is proposed to throw the race open to the world, as has been done in all the Derbys of the past. Some

## Garrison May Be Darkhorses But Their Ice Legs Are Weak

"Dark horses" always constitute a source of anxiety to rivals before a race, and sometimes these outsiders come through, but it looks like a lead-pipe cinch that the Garrison, the dark horses of the Victoria Amateur Hockey Association, will be left at the post right at the start and be kept there all season.

The Garrison may have had a lot of their whirlwinds confined to barracks last night. Those players who hustled out on to the glassy sheet last night looked pretty green at the name and showed little talents that might be whipped into shape in order to give the Tommies a fighting chance.

It is understood that the league is considering what to do with the Garrison. The paper reputations of the players were taken into consideration when the franchise was handed to the Garrison, but these reputations will have to be lived up to in a hurry or the league in order to provide real hockey for the fans will have to find another team.

**Others Worked Well.**  
Three other teams took the ice last night for their regular work-out and for the first trip out the boys showed plenty of class. The Elks went on first and Percy Watson, Jim

## LADYSMITH CAPTAIN MIXES WITH REFEREE

Nanaimo United Awarded the Game With Ladysmith When Orr Refused to Leave

(By Special Correspondent.)

Ladysmith, Nov. 9.—On Sunday afternoon the Ladysmith United played the Nanaimo City in Nanaimo and were defeated by a score of five to one.

In the first half the Ladysmith team had the advantage. Nanaimo scored first about twenty minutes after the start but Ladysmith evened up a little later. Bobby Wilkinson, playing out on right for Ladysmith, took the ball from centre field and passed six Nanaimo players and scored. Strang, playing centre half for Ladysmith, got a kick just above the start and had to retire from the game for the rest of the half. Strang being off put Ladysmith at a great disadvantage, they managed to keep Nanaimo in check for the remainder of the half.

The first half ended with both teams one goal up. Strang came on the second half and every body thought that Ladysmith would make a good account of themselves then, but about ten minutes after the second half commenced Nanaimo City were awarded a penalty which they scored. The Ladysmith team scored a piece and the Nanaimo team scored a piece. The last goal, Orr, the Ladysmith's captain, claimed to be off side, but he had a hit in on the net for referee Burnip and Burnip ruled him off the field. Orr would not go, so Burnip called the game off, and awarded it to Nanaimo City.

**Intermediates Win.**  
In the first game of the Up-Island Intermediate League Ladysmith defeated Cumberland on Saturday by two to one. Right from the start Ladysmith pressed Cumberland and about five minutes after the first half commenced Ladysmith scored. The two Cumberland backs were together and each waiting for the other to clear when Mikola Ladysmith's centre forward took the ball from between them and tipped it into the net for Ladysmith's first goal. From then on until half time Ladysmith pressed hard but could not get through. In the second half Ladysmith started to press but the Ladysmith fullbacks were too much for the Cumberland team. Jones, at left back, playing a wonderful game. Ladysmith again started to press and Ladysmith made a run down the field with the ball and shot, but the Cumberland goalie cleared and Mikola shot it right back giving the Cumberland goalie no chance save. This was Ladysmith's last goal.

About five minutes from the finish Cumberland's centre forward took the ball from about centre field and best Ladysmith back, Beattie, the local goalie rushed out to meet him but failed to stop him and he scored Cumberland's only goal.

## CARPENTIER-DEMPSEY BOX IN NEW YORK ON INDEPENDENCE DAY

New York, Nov. 9.—The Dempsey-Carpentier fight for a purse of a half million dollars probably will be held July 4, near New York, in a stadium with a seating capacity of 100,000. This last development in the biggest bout of all time comes with the announcement of "Charlie" B. Schuchman and Tex Rickard, two of the promoters.

"I am going to surprise the public that has been led to expect prices running up to \$200," Rickard said. "If my plans come through the tickets will range from \$5 to \$40—no higher."

Rickard said an immense stadium will have to be built for an open-air fight.

discussion has been held whether it was best to confine the racing to the usual five dogs and tobaggan, or permit the use of the Alaska racing harness and sled as used by Goyne last March. Many of the local men are not averse to the use of the Alaska rigging, provided the distance is lengthened out to 200 miles and more. They maintain that at the longer course Northern Manitoba dogs can show their best form. To Flin-Flon and back is a course suggested, a distance of close to, if not over, the 200-mile mark.

An Indian pageant will also, it is believed, be staged in connection with the race.

## RUGBY LEAGUE TAKES IN ANOTHER FIFTEEN

Oak Bays Will Take Place Voted by J.B.A.A.; Another Test Game Saturday

Victoria Rugby League is to have four teams after all. After several weeks with three teams engaged, one of which had to remain idle every Saturday, the Rugby Union has succeeded in drawing in another team, which will make it possible for two matches to be played every Saturday. The new team will be known as the "Oak Bays," and will comprise most of the players who were to have entered with the J. B. A. A. team.

When the J. B. A. A. learned of the amateur tangle they withdrew from the league. Many of the players were anxious to get into the game, and when Vancouver rugger, including many oarsmen, decided to proceed along the line laid down by the English Rugby Union, the team decided to get into the league under another name.

### More Good Material.

The inclusion of the Oak Bays will give the Selection Committee of the Union a great deal of additional material from which to pick the "rep" team to play Vancouver. Yesterday the committee selected two teams to play on Saturday afternoon in a second test game and many of the Oak Bays are included in the teams. The line-ups will be as follows:

**"A" team**—Hickey, Ker, S. Gillespie, Goodacre and J. Matson, D. M. Grant, Stewart and Grubb, Drummond, J. McRae, Herman, Parfitt, Travis, Penray and McCallum.  
**"B" team**—B. Johnson, Hannon, Anderson, Lowther and Hustable, E. Wilson, Challoner and Robertson; W. Brynjolfsson, W. Tolmie, H. Wilson, T. Matson, Lowe, McIlreath and Miller.  
**Reserves**—Banks, Johnson, Lumden, Parker, Helmcken, and Blyth; forwards, Tolmie, G. McRae and Monteth.

### The Amateur Matter.

The amateur matter was again referred to. It was stated that Arthur Manson, president of the B. C. A. U., has been in conference with the Rugby Union, which is universal, with a view to fixing up the trouble.

Mr. Manson had asked if the Rugby Union of an amateur, which is universal all over the world, and had stated that if so the A. A. U. would lift the suspension of Vio Gravin. Apparently there is a clause in the constitution and by-laws of the A. A. U. which provides that, if a suspended athlete is reinstated, his reinstatement is automatic, and that he is suspended for playing with or against him.

It was explained that naturally every true amateur recognizes the status and definition of an amateur but that it differs in its application to various sports.

Mr. Manson's representations will be referred to the Provincial Rugby body which meets on November 27. Mr. Manson's request of this meeting should be held before November 20, the date of the first inter-city Rugby match of the season, could not be acceded to.

### WITH THE QUOTERS

The final in the quoti handicap on Saturday last was full of interest and a very close finish was the result of one of the best games of the season.

D. McMillan and Smith beat Leifer and Robertson. The splendid nature in this event was the splendid display of Robertson, who is fast coming to the front rank of quoters.

The result of Saturday's single tournament follows: G. Ledingham, first; J. McMillan, second; D. Campbell, third; V. Alexander, fourth.

Not quite so many players as usual turned up Saturday, so the competition had been somewhat dull. It should get out as often as possible, for continual practice is essential to keep in good form.

### LADY HOCKEYISTS MEET.

A meeting of the lady members of the "Victoria Hockey Club" was held on Saturday evening at the Christ Church Schoolroom.

The schedule of games within the club will be the main business for discussion.

## Lester Patrick Announces Signing of Star Defense Player, Who He Thinks Will Be a Whirlwind This Season

Lester Patrick, manager of the Aristocrats, did another slight-of-hand trick for the benefit of hockey fans this morning and produced the signed contract of Clem Loughlin, the speedy defence player, who late last season had the coast cities resounding with praises for his wonderful playing. Lester looks upon this as one of the best tricks he has performed so far for he is keenly interested in the development of the Loughlin boys.

"About the middle of last season Clem Loughlin began to show the results of his schooling," said Lester this morning. "For some time Clem had been doing spectacular work and his rushes were greatly applauded. But he was shy on certain inside stuff, such as the blocking of attacks and holding a forward off the puck once he had lost it and so on. But about the middle of the season he showed that he had absorbed the teaching and began to play far better hockey. I feel convinced that with a good start this season Loughlin will be hailed before the schedule is finished as one of the greatest defence men in the P.C.H.A."

### is Well Liked.

Clem Loughlin was one of the most popular members of last year's team. A fine-looking, keen, upright athlete and the best of livers. He was always in form. The fans took to him with open arms not only for his handsome appearance but for the clean game he played on the ice and the great speed which he showed. Clem is about the fastest thing whirling about in this section of the country on two blades.

There is no doubt that Loughlin, with more schooling from Lester, who knows the duties of the defence man backwards, that he will be one of the bright stars in the Aristocrats' crown this year. The fans will herald with delight the return of the handsome lad who is always striving.

**Third Season Here.**  
This will make Clem's third year with the Aristocrats. It is his fifth year at the pro game. He was a member of the Monarch septette when they ruled the amateur universe. Lester got his hooks on to Clem two years ago, believing that he had all the natural ability to make a whirlwind on the defence. Clem made good as soon as he came here, but it was not until half way through last season that he began to make himself an indispensable asset to the team.

With Clem's contract tucked away in his jeans Lester now has three of his team in line. Eddie Outman came to terms with the club and Hank Meeking said, "I'll be there," about six days ago.

### Everything All Right.

"Things are looking alright," said the optimistic Lester this morning. "We'll have a team that will make them all hustle for the flag before we get finished."

### Vancouver Gets Keats.

Vancouver, Nov. 9.—Another star was added to the roster of the Vancouver hockey team yesterday when President Frank Patrick announced the signing of Gordon ("Duke") Keats to a Millionaire contract. Keats is at present on the pro ice, and will be here with the rest of the players for the first practice of the season, December 15. He is the second Alberta amateur to turn back to the "professional" ranks. Mike Keats, having cast in his lot with the money players a few weeks ago.

With the exception of Art Duncan, "Doc" Taylor and Hugh Lehman, all of the regulars of Vancouver's 1919-20 hockey squad are now signed up for the coming season. "Cyclone" Taylor steps out this season after a long and brilliant career in the puck-chasing game. Here is the Vancouver roster as it looks to-day: Mickey MacKay, Alf Skinner, Jack and Bill Adams, Duke Keats, Lloyd Cook (manager), and Fred (Smoky) Harris. The scouts are now out trying to locate a man for the centre ice berth, and it is rumored that Vancouver will land another star for the job.

## MATTY WINNING OUT IN FIGHT AGAINST DISEASE

New York, Nov. 9.—After a year's fight against tuberculosis, Christy Mathewson, one-time major league star pitcher, to-day was reported recovering at Saranac Lake. Although he still spends his days reclining in a furnished room, and his strength still will not permit of the fresh air cure, the affected right lung has improved under gas treatments, his fever has vanished and he is gaining in weight and strength, his physicians said.

### GREAT SPECTACLE TO-NIGHT

"Chu Chin Chow" will open at  
the Royal Victoria Theatre to-  
night at 8 o'clock. The ample stage  
facilities of the Royal Victoria  
Theatre make it possible to give  
Victoria the entire production just  
as it was done in London and New  
York. The local engagements,  
which will begin to-day, will in-  
clude a Wednesday and Saturday  
matinee.

DOMINION  
Cecil B. de Mille has departed from  
his usual society background for his  
plot in "Something to Think About"  
and, though the picture unfolds a  
vivid story of plain folks in the  
country instead of a sophisticated  
drama of married life, it is charac-  
terized with the same artistry and  
care of production that is expected  
in a De Mille photoplay. "Something  
to Think About" pleased a large au-  
dience at the Dominion Theatre last  
evening and will remain there for  
the entire week.

CONTRASTS IN SETTINGS ARE A FEATURE  
OF "Something to Think About".  
The picture marks the return of  
Elliott Dexter, last seen in "For Better

### PRINCE RUPERT COURT HOUSE.

NOTICE TO CONTRACTORS.

Sealed Tenders, subscribed "Tender for Prince Rupert Court House and Heating Plant," will be received by the Minister of the Interior, at the office of J. Mahony, Esq., in the mind of many church members. Young and old combined in urging that definite action be taken at the earliest possible date, and steps were authorized calling together immediately the necessary committees to launch the project.

Pressure on Accommodation. Extreme pressure was expressed by the chairman, Very Rev. Dean Quinton, in speaking of the purpose and occasion of the gathering, remarking that while for the present the existing Cathedral church is adequate for the large congregations attending the membership of the Sunday School had grown to the extent that classes were being held in the Cathedral itself, and in a neighboring house as well as in the present schoolroom, where crowded conditions make effective teaching very difficult. The two church wardens, Messrs. Frank Burrell and John Harvey, spoke in favor of the amended plans, and many others expressed entire support.

Mr. Keith, who was present as the architect, explained the amended plans, pointing out changes proposed in the location of the various buildings contemplated in the original scheme, and describing the enlarged area occupied by the Synod Hall and made necessary by the development of parochial activities and the increased membership of the Sunday School. It is proposed that the Synod Hall and Sunday School building will be two-story structures, including a main auditorium with seating capacity for 450 persons. Synod offices, guild room, departmental rooms and class rooms for Sunday School and other parish organizations and a gymnasium. The estimated cost of the building was given as being in the neighborhood of \$100,000. The plans were agreed on the course of erecting the Synod Hall first, the Spring being suggested as the time to commence actual building operations. Among other recommendations made at the meeting was one suggesting that various rooms or parts of the proposed building might be erected furnished or equipped as memorials to members of the Cathedral parish.

### TO COMMENCE NEW CATHEDRAL BUILDINGS

Synod Hall to Be Erected at Cost of \$110,000 in Early Spring

That this Vestry, recognizing the immediate need of increased Sunday School accommodation, suggests that the new cathedral scheme be started as soon as may be by the erection of a permanent Sunday School and Synod Hall, and approves the plans and estimates for the building as shown by the architect, J. C. M. Keith, subject to any minor alterations the New Cathedral Scheme Committee may deem advisable. With the passing of the above resolution by a unanimous vote, a representative gathering of parishioners of Christ Church Cathedral last night gave enthusiastic support to the realization of a long-cherished project in the mind of many church members. Young and old combined in urging that definite action be taken at the earliest possible date, and steps were authorized calling together immediately the necessary committees to launch the project.

**MILBURN'S heart and nerve pills**

**Lessening the Life Toll**

THE value of the lighthouse is especially appreciated by seafaring folks. Many fascinating stories of averted disasters originate from these structures the world over. Their first purpose, however, is preventing the loss of human life. In this they are closely connected with the purpose of Milburn's Heart & Nerve Pills, around which there are also interesting facts of averted disasters.

People to-day are using Milburn's Heart & Nerve Pills as their "Lighthouse" on which to steer a course for good health. There are very few to-day taking an active part in any walk of life who do not require, at some time or another, an additional food for the Heart & Nerve system, for without these properly carrying out their duties every other organ in the body must suffer. The effects of weakened Heart & Nerve centres vary. With some, the heart thumps harshly and irregularly. They feel irritable and are easily excited. Others are afflicted with sleeplessness at night, and drowsy sensations during the day. If you feel unfit in any way you owe it to yourself and friends to try a box of

**ESQUIMALT SEAT TO BE CONTESTED BY CAPT. GADSDEN**

Soldier-Labor-Farmer Party Names Candidate; J. H. Hawthornthwaite Speaks

Without a dissentient Capt. Burgess James Gadsden was last night named as Soldier-Labor-Farmer candidate in Esquimalt Riding for the Legislature, by a convention, attended by about seventy men and women, held in the Sailors' Club at Esquimalt. J. H. Hawthornthwaite was first proposed, but he explained that he was running elsewhere.

"We want a change," said Chairman James Dakers as he opened the proceedings. He explained that the meeting was called to decide whether a candidate should run on the Soldier-Labor-Farmer platform in Esquimalt constituency, and outlined many local improvements he claimed should be effected in the district by a progressive Government.

"Brilliant Ministers."

C. K. Christian claimed that in Esquimalt constituency resided large numbers of returned men, and said that as practically all are workers, they can all benefit by the Soldier-Labor-Farmer Party's platform.

Referring to the charge that they represented a class, he maintained it was as right for them to do so as for Liberals to represent their class, as the workers were a majority class.

He spoke critically of "brilliant ministers." "If I were elected and given a portfolio, I would undertake to manage my department just as well as those brilliant ministers do with their staffs of clerks and officials," he said.

Capable Administrators.

"Out of that same army which carried our flag to victory it is practical to expect to produce men able to manage the destinies of this Province," he said.

Mr. Christian said neither Conservative Party nor Liberal Government had yet presented a real platform to the people, while the Soldier-Labor-Farmer Party had prepared a scheme of improvements which would assure development of all the payroll activities of the Province and an improvement in the condition of the working classes.

He then read the platform already published, explaining details as he went along, and on occasions, as when reading the recall plank, being interrupted by applause.

The platform was then unanimously adopted.

Mr. Hawthornthwaite Speaks.

J. H. Hawthornthwaite gave one of his customary energetic and witty addresses, saying Chairman Dakers says we want a change of air. If the Conservatives get into office it will be merely a change of hot air.

"I have been charged by our much shot up friend Dick Burdick with having done nothing in the House. How could I? If I wanted to get something before the House I had to get Billy Bowser to second my motion. Imagine it! I'm sick of it all."

Workers to Blame.

"But there has come a change, this world of ours moves along, seventy-five per cent. of the people are workers, and they themselves are to blame for the condition.

"If they want a change let them use the ballot. If that fails, then perhaps they will have to do something else. Abolish the House of

Lords, abolish any old thing that gets in our way, for the British Constitution is the most free in all the world. It can be changed when the voice of the majority calls for a change, for it is unwritten.

The True Progressive.

"Don't be afraid if a few Radicals get into the House, I don't believe that Old Pooley himself, prehistoric old troglodyte that he is, would tell you that Radicals are more than a little ahead of the rest."

"It's only two thousand years ago since the ancestors of us, well-dressed Scotmen and Irishmen were running around with a little blue paint on their faces, and a sheepskin if they were lucky." He made a great play of the promised drydock and long delayed Johnson Street bridge. "They were to bring you a full dinner pail, and you have not even got a pair of near beer," he said, amid laughter.

He made a lengthy reference to production leading up to the natural resources of the Province, which he claimed would be owned by and used for the benefit of the people, "make everyone of us millionaires."

He claimed the gun license legislation was caused because the authorities expected "something serious might happen." Referring to reports of factories closing in the United States, and men being thrown out of work, he said: "And that is happening in spite of the vast accumulations of wealth. If that is civilization, give me barbarism."

"Those two men, Billy Bowser and John Oliver, have between them burdened this Province with between seventy and eighty million dollars," said Mr. Hawthornthwaite after saying that Sir Richard McBride had inherited a surplus of \$9,000,000 when he first took office.

Taxes and More Taxes.

"All John Oliver thinks of is surtax the people, poll tax the workers. It might almost say pole ax the workers," he said, amid laughter. Referring to the proposed steel works, he said "the place for it is where the coal is."

He declared Vancouver was anxious to receive the new works, and was personally sure that "the pink tea artists of Esquimalt did not want a steelworks, as it would smoke up the air."

"If you ordinary people don't want such a plant, vote for Pooley; or if you vote for Mr. Helgesen from the bushes you'll also get that result."

"If you really want a steel plant, vote for someone on this Soldier-Labor-Farmer party."

After Capt. Gadsden's name had been submitted by W. Fawcett, seconded by W. Taylor, Chairman Dakers made several appeals for additional nominations, but none forthcoming declared amid applause the choice to be unanimous. Capt. Gadsden said that he had been a farmer and stockman all his life, and had served overseas for nearly five years. If elected he would try his utmost to truly represent the constituency.

Chairman Dakers appealed to all interested to work to secure the election of their candidate, and the meeting closed with the National Anthem.

The Candidate.

"Capt. Burgess James Gadsden was born in Nebraska, 1884, and came to Winnipeg in 1902.

He was a farmer and stockman until the outbreak of war.

He went overseas in June, 1915, with the 2nd C. M. R. as a trooper, and received his commission during the following Winter while under fire. He was at the Somme and Passchendaele, being wounded and gassed.

After a furlough to Canada, when he took a considerable part in the early formation of the G.W.V.A., he returned to France, and went through all the fighting of the last push, returning to Canada in August, 1919.

Teacher: "You see, had the lamb been obedient, and stayed in the fold it would not have been eaten by the wolf, would it?"

Boy: "No, ma'am; it would have been eaten by us."—London Sketch

Public Sitting Affecting Dilapidated Buildings Set For December 7

Having completed an inspection of dilapidated buildings in the city, the City Council last evening, on the advice of Dr. A. G. Price, Medical Health Officer, resolved to hold the customary public sitting on December 7.

Overhanging Trees.

City Engineer F. M. Preston reported that if the limbs overhanging the 524 Simcoe Street were removed there would be very little left of the original tree. The Council ordered removed within thirty days. Complaint against the tree was lodged by Percy Fletcher.

Fairfield Road.

Fairfield Road bylaw, to fix the assessment in connection with the improvement from Dallas Road to Fowl Bay Road, which has just been carried out, occupied the attention of the Council.

The cost of the work is set out at \$44,501, of which \$19,788 is the corporation's part, and \$24,713 is the owner's portion, for which a special assessment roll has been certified.

A bylaw was also proceeded with to deal with the extension of Sixth Street.

Teaming of Animals.

To the Police Commission was reported a communication from the Fraternal Council of Women of Canada, when the secretary forwarded the resolution recently passed to prevent the exhibition of trained animals and deformed children, and against the caging of wild animals. This motion was adopted at a recent convention.

MEAT INSPECTION.

"Since the meat inspection by-law has been in force a very great improvement in the class of local beef sold in Victoria may be observed," said Dr. A. G. Price, Medical Officer, in his report to the City Council last evening. "There was a considerable increase in the number of carcasses of beef inspected, the number being 116, this being due to the opening of a slaughter house at Palmer's, where a considerable quantity of meat is being slaughtered," stated the Doctor.

In most English meat pie signs has much to do with the savorness.
